1. INTRODUCTION

- 1.1. The Audit Committee handbook recommends that losses and special payments made by the Health Board be reported to the Audit Committee at each meeting. This report addresses that requirement by providing an update on losses and special payments, for the period 1st February 2018 to 31st March 2018 and an analysis of the gross losses for 1st April 2017 to 31st March 2018 compared to the period 1st April 2016 to 31st March 2017.

2. BACKGROUND

- 2.1. The losses and special payments recorded during the period totalled £8,308,354, with the most significant payments relating to Clinical Negligence totalling £8,219,393. Personal Injury payments in the period amounted to (£31,562) as a result of a judgement in favour of the health board on a case where significant defence costs had been incurred. The remaining losses of £120,523 relate to losses arising as a result of write off of obsolete drug stock, ex gratia payments, compensation payments, redress payments and bad debts.
- 2.2. These losses are detailed in **Appendices A and B**, and summarised in the table below:

Loss Type	Value £
Obsolete Drug Stock	5,291
Ex Gratia Payments	3,357
Compensation Payments	1,750
Bad Debt Written Off	45
Redress Payments	110,080
Clinical Negligence - Defence Fees	128,291
Clinical Negligence – Claimant Costs	490,742
Clinical Negligence – Damages	7,535,760
Clinical Negligence - CRU	64,600
Personal Injury – Defence Fees	-80,266
Personal Injury – Claimant Costs	8,000
Personal Injury - Damages	40,704
Total	8,308,354

- 2.3. For the period 1st April 2017 to 31st March 2018, the Health Board has incurred gross losses totalling £27.409m compared to £18.608m for the period 1st April 2016 to 31st March 2017. The chart below analyses these losses and special payments on a month by month basis.

- 2.4. The graph above shows that there are variations in payments across the year with there being no discernible trend to when cases are settled. However, the increase of £8.801m for the period 1st April 2017 to 31st March 2018 as compared to the period 1st April 2016 to 31st March 2017 is primarily due to increases in October 2017, January 2018 and March 2018. The October 2017 payments are the largest of any month over the period by some distance this being due to settlement payments of £6.421m on a paediatric case at Singleton Hospital dating back to 2009, the case relating to a delay in diagnosing meningitis.
- 2.5. The January payments were also high, with 2 significant payments being made. The first being a settlement for £850,000 relating to an obstetric case at Singleton Hospital dating back to April 2009 and the second being for £575,000 relating to a mental health claim dating back to August 2013.
- 2.6. In March there was a further payment of £3.2m in respect of settlement of an obstetric case at Princess of Wales Hospital dating back to 2010.
- 2.7. During February, the Health Board made payments against 53 clinical negligence cases and 11 personal injury cases, with the corresponding figures for March being 45 clinical negligence cases and 8 personal injury cases. As at the end of March the Health Board had 345 open clinical negligence cases for which a provision was in place and 105 open personal injury cases for which a provision was in place.

3. GOVERNANCE AND RISK ISSUES

- 3.1. This paper addresses the financial governance requirements for reporting Losses and Special Payments to the Audit Committee. The Health Board adheres to the authorisation process for such payments as prescribed in the Welsh Government Losses and Special Payments manual and Standing Financial Instructions ensuring sound financial governance for such payments
- 3.2. The clinical governance issues raised and lessons learned from previous claims are discussed as part of the clinical governance agenda and does not form part of this report to the Audit Committee.

4. FINANCIAL IMPLICATIONS

- 4.1. The financial implications associated with Losses and Special Payments for the Health Board comprise two elements. Firstly, there is the amount directly taken from the health budget by Welsh Government to fund the Welsh Risk Pool. This is supplemented by a risk sharing agreement across NHS Wales which requires additional contributions to be made from Health Boards and Trusts in the event that the amount required by Welsh Risk pool exceeds this directly funded amount. To date there has been no requirement to invoke this agreement as the Welsh Risk Pool outturn has been below the directly funded sum.
- 4.2. The second implication is the net charge to the Health Board's resource limit of costs incurred which comprise the first £25,000 of all clinical negligence and personal injury claims, legal fees for redress claims which are not reimbursed under the Welsh Government's Putting Things Right Scheme and the cost of all other losses and special payments.
- 4.3. Of the £8,308,354 paid out in the period 1st February 2018 to 31st March 2018, £7,995,936 is recoverable from the Welsh Risk Pool and £90,300 from Welsh Government. Taking this recovery into account, the actual loss to the Health Board in the period totals £222,118, as summarised in the table below:

Losses & Special Payments	Amount £
Clinical Negligence	8,219,393
Personal Injury	-31,562
Obsolete Drug Stock	5,291
Ex Gratia Payments	3,357
Compensation Payments	1,750
Bad Debt Written Off	45
Redress Payments	110,080
Sub Total	8,308,354
Less WRP Recovery	-7,995,936
Less Redress Payments Reimbursed by WG	-90,300
Health Board Losses in the Period	222,118

- 4.4. After the recoveries from Welsh Risk Pool and Welsh Government are taken into account, the net loss totals £2,352,169 for the period 1st April 2017 to 31st March 2018 and £2,500,814 for the period 1st April 2016 to 31st March 2017.

5. RECOMMENDATIONS

- 5.1. The Audit Committee is asked to note the losses and special payments in the period of £8,308,354, of which £7,995,936 will be recovered from the Welsh Risk Pool and £90,300 from Welsh Government, leaving an actual loss to the Health Board in the period of £222,118.
- 5.2. These losses and special payments will need to be reported to the Board and disclosed in the Health Board's Annual Accounts.
