1.0 INTRODUCTION

- 1.1. This report provides the Audit Committee with summary extracts of the Audit Registers for the Health Board which have been developed to monitor: -
 - Delivery of the Audit Plans;
 - Receipt of draft and final reports; and
 - Health Board management responses to audit reports
- 1.2. In addition, the status of agreed audit recommendations is monitored and included within this report.

2.0 BACKGROUND

- 2.1 As agreed with the Audit Committee at its May meeting, a detailed review has been undertaken by the Head of Accounting & Financial Governance, Director of Corporate Governance and Head of Internal Audit of the outstanding audit recommendations listed on the audit registers. This review has identified outstanding actions which have been superseded by subsequent audit reports or are no longer valid and these have been removed from the audit registers. A similar review is planned to take place on 10th September with Wales Audit Office in order to update the registers in time for the September Audit Committee meeting.
- 2.2 The reports remaining on the audit registers have been fully updated as at 9th July 2018, and these show when reports were expected by the Health Board, as set out in the original audit plans, the dates they were received and whether management responses were made on a timely basis.
- 2.3 The deadline for updating progress on Action Plans was 6th July 2018. Summary extracts for both internal and external audit are set out in the sections below:

External Audit Register (2017 Work) (Appendix A)

Delivery of the 2017 plan is summarised below:

- Financial Accounts Work (2017/18): Main accounts work completed. Charitable Funds Accounts Audit planned for October 2018
- Performance Work:
 - Structured Assessment (2017): completed
 - o Primary Care Thematic Review: the fieldwork, planned for 2018, is nearing completion (end July 2018). The report is anticipated to be received by the Audit Committee in November 2018.

 Cross Sector Thematic – Intermediate Care Fund: the fieldwork, planned for 2018, is nearing completion (end July 2018)

In addition to the above projects, local audit work includes:

 Board Development session on assurance, scrutiny and challenge planned for autumn 2018. The timing of the Board Development event is being agreed with the Director of Corporate Governance.

External Audit Register (2018 Work) (Appendix B)

Delivery of the 2018 plan is summarised below:

• Financial Accounts Work (2018/19): Main accounts work is planned for February to June 2019, and the Charitable Funds Audit for October 2019.

Performance Work:

Fieldwork for two audits is commencing in July 2018:

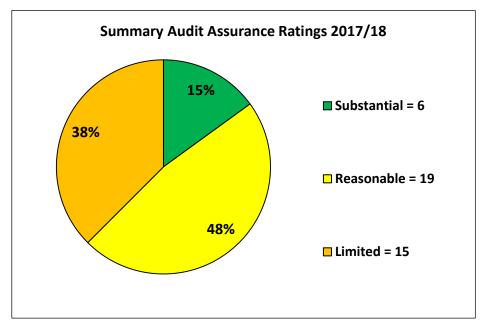

- Structured Assessment (2018)
- Clinical coding follow-up (all-Wales thematic review)

Two further audits included in the 2018 audit plan are not yet due to commence. These include:

- Orthopaedic Services: Follow up (all-Wales thematic review 2018)
- Local audit project: to be agreed with Executive and the Audit Committee.

NWSSP Audit & Assurance Audit Register 2017/18 (Appendix C)

As at 29th June 2018, 42 final reports have been issued which included two reports without an assurance rating (Annual Quality Report and Medical Devices). The assurance ratings on the remaining 40 reports are summarised in the chart below:

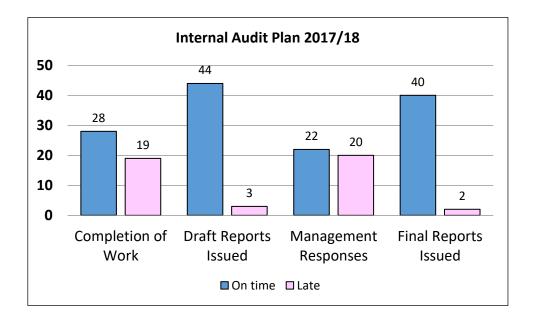

Key Performance Indicators

There are KPIs established for measuring the overall delivery of the audit plans which are set out below:

- 1. Completion of Work Was the review work completed in the quarter planned?
- 2. Draft Reports Issued Was the draft report received within 14 days of the review work being completed?
- 3. Management Responses Were management responses received within 21 days of the draft report being issued?
- 4. Final Reports Was the final report received within 14 days of management responses being received by NWSSP Internal Audit (including the completed Action Plan)?

The chart below summarises the position against the KPIs as at 9th July 2018:

NWSSP Audit & Assurance Audit Register 2018/19

As at 9th July 2018, 4 draft reports have been issued on time. A list of the reports is summarised below:

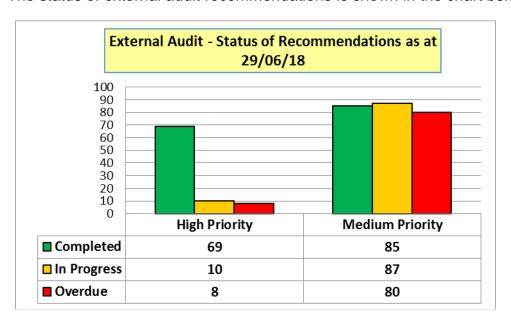

- Vaccination and Immunisation
- Charitable Funds Funds held on Trust (Part 1)
- Health Records Management (Physical Notes)
- Sickness Absence Management Follow Up Review

Action Plans

Action plans are all available on the Finance Portal for managers and executives to access and update throughout the year. Training has been provided to all executives and named managers within the action plans. The deadlines for the reporting periods to the Executive Team and then onto Audit Committee are clearly set out within the file set up and a reminder is sent out to Executive Directors and their supporting managers at least one week before each deadline falls.

It should also be noted that the charts and tables within this report only include audit reports relating to the 2017/18 Audit Plans, unless there are recommendations that have not yet been reported as completed from previous years, and so these continue to be monitored this year, and reported to the Committee.

The status of external audit recommendations is shown in the chart below:

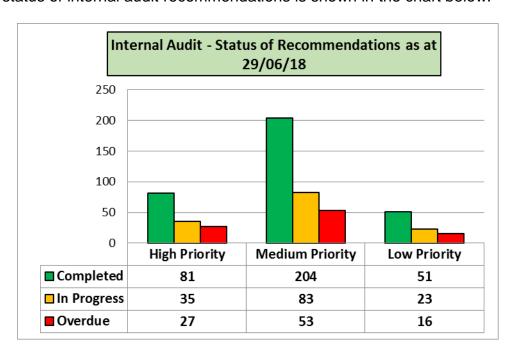

At this point, the overdue recommendations for external audit reports relate to:

| Row Labels | Sum of High Priority Overdue | • | Longest Overdue (Days) |
|--|---------------------------------------|----|------------------------------|
| ☐ Medical Director | 0 | 76 | |
| Diagnostic Review of ICT Capacity & Resources | 0 | 0 | N/A |

| ☐ Director of Corporate Governance | 3 | 0 | |
| Structured Assessment 2016 | 3 | 0 | 425 |
| Grand Total | 8 | 80 | |

Taking into account noted revised target implementation dates, the table above would remain the same for high priority and from 80 to 79 for medium priority recommendations (a reduction of 1 for the Director of Therapies).

The status of internal audit recommendations is shown in the chart below:

At this point, the overdue recommendations for internal audit reports relate to:

3.0 GOVERNANCE AND RISK ISSUES

3.1 There are significant governance risks arising from delays in implementing management responses to both Internal and External Audit reports particularly in areas where reports highlight limited assurance. It is therefore important that management actions are implemented on a more timely basis than is currently the case as highlighted by the tables above.

4.0 FINANCIAL IMPLICATIONS

4.1 Whilst there are no direct financial implications which need to be highlighted in this report, there may be issues arising from individual audit reports which have financial implications, where cost may need to be incurred in order to implement audit recommendations or where areas of limited assurance may have financial implications for the health board.

5.0 RECOMMENDATIONS

5.1 The Audit Committee is asked to note the current position of the Audit Registers and the status of the Action Plans.
