LOSSES AND SPECIAL PAYMENTS UPDATE

1. INTRODUCTION

1.1. The Audit Committee handbook recommends that losses and special payments made by the Health Board be reported to the Audit Committee. This report addresses that requirement by providing an update on losses and special payments, for the period 1st August 2021 to 30th November 2021 and a comparison to the period 1st April 2020 to 30th November 2020.

2. BACKGROUND

2.1. The losses and special payments recorded during the period totalled £3,939,079, with the majority of this comprising payments in respect of Clinical Negligence, Redress and Personal Injury.

2.2. These losses are detailed in **Appendices A to I** and summarised below:

Loss Type	Value £
Obsolete Drug Stock	10,483
Ex Gratia Payments	22,188
Bad Debts Written Off	1,152
Redress Payments	176,445
GP Indemnity Claims Payments	100
Clinical Negligence - Defence Fees	328,892
Clinical Negligence – Claimant Costs	1,198,067
Clinical Negligence – Damages	1,677,299
Clinical Negligence – CRU Payments	243,008
Personal Injury – Defence Fees	69,038
Personal Injury – Claimant Costs	179,719
Personal Injury - Damages	32,000
Personal Injury CRU Payments	688
Total	3,939,079

2.3. The gross loss of £20,525,085 for the period 1st April 2021 to 30th November 2021 compares to a gross loss of £7,513,571 for the period 1st April 2020 to

30th November 2020. The chart below analyses these losses and special payments on a month by month basis.

2.4. The graph above confirms that there will be variations in payments across the year with there being no discernible trend to when cases are settled. The significant increase in payments during the period April 2021 to November 2021 this financial year compared to the same period in the last financial year is mainly due to three large settlement payments over £2m amounting to £12,334,664 as detailed in the table below. These settlements are in addition to 3 other settlements over £500,000 in value as detailed below.

Case Reference	Location	Specialty	Amount (£)
10RYMMN0212	Princess of Wales Hospital	Obstetrics	5,084,474
15RYMMN0151	Singleton Hospital	Obstetrics	4,914,339
15RYMMN0040	Morrison Hospital	Neurology	2,335,851
17RYMMN0114	Singleton Hospital	Radiology	1,068,254
16RYMMN0161	Princess of Wales Hospital	Cardiology	841,974
15RYMMN0154	Singleton Hospital	Obstetrics	703,222

2.5. As part of the transfer of assets and liabilities arising from the Bridgend boundary change, the transfer order included an exception to the principle that all assets and liabilities transfer for clinical negligence, personal injury and redress cases which were open prior to the date of transfer. Therefore this report includes payments on cases prior to 31st March 2019 for the Princess of Wales Hospital and will continue to do so until all those cases have closed, a process which will take several years. For the period August to November 2021, the gross losses split by the post boundary change location for these cases is shown in the table below, with the detail shown in **Appendices B, D and F** to this report.

Loss Type	Total (£)	Swansea Bay Locations (£)	Cwm Taf Morgannwg Locations (£)
Clinical Negligence	3,447,267	1,694,762	1,752,505
Personal Injury	281,445	261,216	20,229
Redress	176,445	173,945	2,500
Total	3,905,157	2,129,923	1,775,234

As at 30th November 2021, the number of open cases for which the health board has a provision in its accounts in these 3 categories analysed by location is as follows:

Type of claim	Open Cases Swansea Bay Locations	Open cases Cwm Taf Morgannwg Locations
Clinical Negligence	238	57
Personal injury	70	5
Redress	116	6

3. GOVERNANCE AND RISK ISSUES

- 3.1. This paper addresses the financial governance requirements for reporting Losses and Special Payments to the Audit Committee. The Health Board adheres to the authorisation process for such payments as prescribed in the Welsh Government Losses and Special Payments manual and Standing Financial Instructions ensuring sound financial governance for such payments
- 3.2. The clinical governance issues raised and lessons learned from previous claims are discussed as part of the clinical governance agenda and do not form part of this report to the Audit Committee.

4. FINANCIAL IMPLICATIONS

- 4.1. The financial implications associated with Losses and Special Payments for the Health Board comprise two elements. Firstly, there is the amount directly taken from the health budget by Welsh Government to fund the Welsh Risk Pool. This is supplemented by a risk sharing agreement across NHS Wales which requires additional contributions to be made from Health Boards and Trusts in the event that the amount required by Welsh Risk Pool exceeds this directly funded amount.

- 4.2. As was the case in both 2019/20 and 2020/21 the risk sharing agreement has been invoked for 2021/22 due to the value of settlements exceeding the amount of the top sliced funding. The Swansea Bay share of the additional costs for 2021/22 amount to £2.642m and this amount has been deducted from the health board's resource allocation. This compares to amounts of £0.639m in 2019/20 and £2.286m in 2020/1.
- 4.3. The second implication is the net charge to the Health Board's resource limit of costs incurred which comprise the first £25,000 of all clinical negligence and personal injury claims, legal fees for redress claims which are not reimbursed under the Putting Things Right Scheme and the cost of all other losses and special payments.
- 4.4. Of the £3,939,079 paid out in the period 1st August to 30th November 2021, £2,997,376 in respect of clinical negligence and personal injury claims and £159,737 in respect of redress claims and GP Indemnity Payments is recoverable from the Welsh Risk Pool. Taking this recovery into account, the actual loss to the Health Board in the period totals £781,966.

Losses & Special Payments	Amount £
Clinical Negligence	3,447,267
Personal Injury	281,445
Redress Payments	176,445
GP Indemnity Claims	100
Obsolete Drug Stock	10,483
Ex Gratia Payments	22,188
Bad Debts Written Off	1,152
Sub Total	3,939,079
Less WRP Recovery	-2,997,376
Less Redress and GMPI Payments Reimbursed by WRP	-159,737
Health Board Losses in the Period	781,966

- 4.5. Analysing this by location, the net cost to the health board split between those cases which are Swansea Bay cases and those pre 31st March 2019 cases relating to locations which have transferred to Cwm Taf Morgannwg Health Board is as detailed in the table below, which shows that £170,428 relates to cases prior to 31st March 2019 for locations which transferred to Cwm Taf Morgannwg Health Board on 1st April 2019.

Loss Type	Total (£)	Swansea Bay Locations (£)	Cwm Morgannwg Locations (£)	Taf
Clinical Negligence	502,519	355,320	147,199	
Personal Injury	228,815	205,586	23,229	
Redress	16,808	16,808	0	
Other Losses	33,824	33,824	0	
Total	781,966	611,538	170,428	

- 4.6. After the recoveries from Welsh Risk Pool are taken into account, the net loss totals £1,408,710 for the period 1st April to 30th November 2021 and £1,140,692 for the period 1st April to 30th November 2020.

Quality, Safety and Patient Experience		
<p>Expenditure on losses and special payments arises as a result of clinical negligence resulting in harm to patients and is therefore reflective of poor quality and safety and patient experience. Similarly personal injury payments to patients, visitors and staff reflects poor procedures and management of the hospital environment. Ex-gratia payments also result in poor patient experience through the loss or damage to personal items.</p> <p>It is therefore imperative that the number and value of losses payments is reduced and the achievement of this reduction will result in improved quality, safety and patient experience.</p>		
Financial Implications		
The financial implications are detailed in the main body of the report.		
Legal Implications (including equality and diversity assessment)		
The legal aspects of clinical negligence, personal injury and redress cases are managed through the solicitors employed by Legal and Risk Services who form part of the NHS Wales Shared Services Partnership. The day to day administration of the claims is managed by the Patient Feedback Team within the health board, acting on the advice received from Legal and Risk Services.		
Staffing Implications		
There are no direct staffing implications associated with this report.		

Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)	
---	--

The key issue for the “The Well-being of Future Generations (Wales) Act 2015, 5 ways of working is that loss payments and incidents of clinical negligence and personal injury reflect the fact that incidents which cause harm/loss have taken place. It is essential that the occurrence of such incidents is reduced through improved processes, governance and prevention in order to help the health board as a public body meet the objective of doing no harm.
