#### CORPORATE GOVERNANCE REPORT

#### 1. INTRODUCTION

To report on corporate governance matters arising since the previous meeting.

#### 2. BACKGROUND

There are a number of corporate governance matters which have to be reported to the board as a regular item in-line with standing orders. This report encompasses all such issues as one agenda item.

### 3. GOVERNANCE AND RISK ISSUES

# (i) Matters Considered In-Committee

In accordance with standing orders, the health board is required to report any decisions made in private session, to the next available public meeting of the board.

The following items during the in-committee board session in January 2021:

- Key Issues Report from In-Committee Board Committee meetings a report on key issues discussed at recent meetings was received for assurance:
- **City Deal** a report presenting the draft Outline Business Case was endorsed:
- Chair's Actions two separate actions were received for ratification;
- Covid-19 verbal update was provided by Keith Reid, Director of Public Health which was supported by the Covid-19 vaccination forward plan;
- WHSSC in-committee joint committee the minutes of the in-committee of the Welsh Health Specialised Services Committee (WHSSC) joint committee were received.

#### (ii) Affixing the Common Seal

In-line with standing orders, a routine report on documents to which the common seal has been affixed is required. Attached at **appendix 1** are details taken from the seal register. The Corporate Governance Team are currently reviewing the process regarding affixing the common seal.

# (iii) Welsh Health Circulars (WHCs)

Welsh Government issues WHCs around specific topics. The WHCs set out in **appendix 2** have been received since the last meeting and are available via the <u>Welsh Government website</u>, where further details as to the risks and governance issues are available.

# (iv) Board and Committee arrangements

As the health board continues to manage its Covid-19 response, the board committee arrangements will remain streamlined with reduced executive director attendances, agendas focused on Covid-19 items and shorter meetings

# (v) Standing Orders

The board agreed temporary changes to its standing orders in July 2020 as advised by Welsh Government as part of the response to Covid-19 – these are set out below. As part of the request, it was stated that these would be applicable until March 2021 after which standing orders would revert back to the original arrangements. Members are asked to support this change.

Subject	Change
Tenure of board members	Any independent member or associate board appointed or reappointed in accordance with the Regulation 2 of the National Health Service (Temporary Disapplication of Tenure of Office) (Wales) (Coronavirus) Regulations 2020 are not applicable to the terms of office set out in the standing orders.
Annual General Meeting	This must now take place by 30th November 2020 as opposed to 31st July 2020.
Appointments and Terms of Office for Chair/Vice-Chair of Stakeholder Reference Group and Health Professionals' Forum	The additional terms is no longer limited to one year.

# (vi) Extension of Nurse Staffing Levels (Wales) Act 2016

The Nurse Staffing Levels (Extension of Situations) (Wales) Regulations 2021 was passed by Senedd Cymru on 23<sup>rd</sup> February which extended the duties under the Act to include paediatric inpatient wards. Due to the ongoing pandemic, the regulation will come into force on 1<sup>st</sup> October 2021 and reporting will be in-line with that of the adult acute medical and surgical wards. A report on the Act will be considered by the board in May 2021.

### 4. FINANCIAL IMPLICATIONS

There are no financial implications arising within this report.

#### 5. RECOMMENDATIONS

Members are asked to:

- NOTE the report;
- APPROVE the changes to the Committee arrangements and AGREE that these will be reviewed monthly by the Chair, Chief Executive and Director of Corporate Governance
- APPROVE the return of standing orders to the arrangements for appointments and the AGM in place prior to Covid-19.
