# MENTAL HEALTH (WALES) MEASURE PERFORMANCE REPORT

## 1. INTRODUCTION

This report has been compiled to provide assurance to the Legislative Committee of our compliance against the four parts of the Mental Health (Wales) Measure 2010 (the Measure) during the quarter.

## 2. BACKGROUND

The Measure is intended to ensure that where mental health services are delivered, they focus more appropriately on people's individual needs. It has four main parts:

- Part 1 seeks to ensure more mental health services are available within primary care.
- Part 2 gives all people who receive secondary mental health services the right to have a Care and Treatment Plan.
- Part 3 gives all adults who are discharged from secondary mental health services the right to refer themselves back to those services.
- Part 4 offers every in-patient access to the help of an independent mental health advocate.

Welsh Government have set access targets in relation to the Mental Health (Wales) Measure 2010, against which Health Boards across Wales are measured.

### Part 1 Local Primary Mental Health Support Services Measure

Assessments - 80% of assessment by the Local Primary Mental Health (LPMHSS) undertaken within 28 days of referrals.

Interventions – 80% of interventions (either on an individual or group basis) started within 28 days following an assessment by LPMHSS

### Part 2 Mental Health Measure (Care and Treatment Plans)

90% of patients who are in receipt of secondary mental health services have a valid Care and Treatment Plan (CTP) at the end of the month.

### Part 3 Mental Health Measure (self-referrals and timely assessments)

100% of patients assessed under Part 3 requiring a copy of the report is provided to the individual who was assessed no later than 10 working days after the conclusion of the assessment.

### Part 4 Mental Health Measure (Advocacy)

100% of qualifying patients (compulsory and informal/voluntary) who had their first contact with an Independent Mental Health Advocacy (IMHA) within 5 working days of their request for an IMHA.

### 3. GOVERNANCE AND RISK ISSUES

#### 3.1 Performance Information via data collection (1<sup>st</sup> April to 31<sup>st</sup> March 2019)

Data collection across all localities within the Health Board highlights compliance for each of the four parts of the measure.

##### Part 1 Local Primary Mental Health Support Services Measure

Assessments – ABMU met the **target (80%)** for the twelve months excluding CAMHS data. All Wales data in January ranged from 44% to 92.5%, ABMU 91% excluding CAMHS and 72.6% including CAMHS. All Wales data for February or March has not yet been published by NWIS.

Interventions – ABMU met the **target (80%)** for the twelve months including and excluding CAMHS data. All Wales data in January ranged from 50.4% to 92.7%, ABMU 86.8%.

##### Part 2 Mental Health Measure (Care and Treatment Plans)

ABMU met the target for ten of the twelve months. We have achieved and sustained compliance since August. All Wales data in January ranged from 84.2% to 94.9%, ABMU%.

##### Part 3 Mental Health Measure (self-referrals and timely assessments)

ABMU met the target for the twelve months.

##### Part 4 Mental Health Measure (Advocacy)

ABMU met the target for the twelve months.

#### 3.2 Risk Issues highlighted

- Compliance against the Part 2 target has been sustained since August 2018.
- To improve the quality of the CTPs and to ensure that care plans are outcome focused a training plan has been implemented.
- In response to the WG review of CTPs each locality has developed a CTP improvement action plan.

### FINANCIAL IMPLICATIONS

There are no financial implications as a result of this report or recommendations made. Operational adjustments to achieve compliance are met from within existing budget lines.

## 4. RECOMMENDATION

The Committee are recommended to

- a. Note the levels of compliance to Welsh Government access targets with regard to the Mental Health Measure (Wales) 2010 which offer no concerns regarding overall compliance with the legislation.
- b. Note the work undertaken by the localities in implementing action plans to promote an improvement in the quality of CTPs.
- c. Note the introduction of a peer review audit plan of CTPs.

Governance and Assurance							
<b>Link to corporate objectives</b> (please ✓)	Promoting and enabling healthier communities		Delivering excellent patient outcomes, experience and access		Demonstrating value and sustainability		Securing a fully engaged skilled workforce
	✓		✓				
<b>Link to Health and Care Standards</b> (please ✓)	Staying Healthy	Safe Care	Effective Care	Dignified Care	Timely Care	Individual Care	Staff and Resources
	✓	✓	✓	✓	✓	✓	✓
Quality, Safety and Patient Experience							
<p>Compliance with the requirements for providing Local Primary Mental health Support Services that are able to undertake primary mental health assessments, deliver brief interventions and provide advice and information to patients and carers in a timely manner contributes to improving patient experience and outcomes for individuals.</p> <p>Meeting our requirement to appoint a care coordinator for every person receiving secondary mental health services and to develop a care and treatment plan in the format prescribed by regulations assists the Health Board to act in a coordinated manner to improve the effectiveness of the mental health services they provide to an individual.</p>							
Financial Implications							
There are no financial implications.							
Legal Implications (including equality and diversity assessment)							
<p>The Health Board has statutory duties placed upon it through the Measure for people of all ages which this report addresses.</p> <p>The level of performance provides assurance of compliance with these statutory duties thereby limiting risk of litigation or claims for compensation.</p>							
Staffing Implications							
There are no staffing implications as a result of this report.							

<b>Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015 - <a href="https://futuregenerations.wales/about-us/future-generations-act/">https://futuregenerations.wales/about-us/future-generations-act/</a>)</b>	
No specific long term implications	
<b>Report History</b>	Welsh Government collect data on performance against the Measure on a monthly basis and this is aggregated for scrutiny quarterly by the legislative Committee in line with its remit to consider and monitor the use of the Mental Health (Wales) Measure 2010.
