University Health Board

Meeting Date	19th March 2019	Agenda Item	4.1
Report Title	Integrated Performance Report		
Report Author	Hannah Roan, Performance and Contracting Manager		
Report Sponsor	Darren Griffiths, Associate Director of Performance		
Presented by	Darren Griffiths, Associate Director of Performance Leads		
Freedom of Information	Open		
Purpose of the Report	The purpose of this report is to provide an update on the current performance of the Health Board at the end of the most recent reporting window in delivering key performance measures outlined in the 2018/19 NHS Wales Delivery Framework.		
Key Issues	<p>This Integrated Performance Report provides an overview of how the Health Board is performing against the National Delivery measures and key local quality and safety measures. Actions are listed where performance is not compliant with national or local targets as well as highlighting both short term and long terms risks to delivery.</p> <p>Additional measures for Primary and Community Services, Mental Health & Learning Disabilities and Public Health are in the process of being agreed. It is anticipated that April 2019 data will be reported in the May 2019 Integrated Performance Report.</p>		
Specific Action Required	Information	Discussion	Assurance
	✓		✓
Recommendations	<p>Members are asked to:</p> <ul style="list-style-type: none"> note current Health Board performance against key measures and targets and the actions being taken to improve performance. 		

Governance and Assurance							
Link to corporate objectives <i>(please ✓)</i>	Promoting and enabling healthier communities	Delivering excellent patient outcomes, experience and access	Demonstrating value and sustainability		Securing a fully engaged skilled workforce		Embedding effective governance and partnerships

Link to Health and Care Standards <i>(please ✓)</i>	Staying Healthy	Safe Care	Effective Care	Dignified Care	Timely Care	Individual Care	Staff and Resources
	✓	✓	✓	✓	✓	✓	✓
Quality, Safety and Patient Experience							
<p>The performance report outlines performance over the domains of quality and safety and patient experience, and outlines areas and actions for improvement.</p> <p>Quality, safety and patient experience are central principles underpinning the National Delivery Framework and this report is aligned to the domains within that framework.</p> <p>There are no directly related Equality and Diversity implications as a result of this report.</p>							
Financial Implications							
<p>At this stage in the financial year there are no direct impacts on the Health Board's financial bottom line resulting from the performance reported herein except for planned care.</p> <p>Planned Care additional capacity is funded by £8.3m to support delivery of target levels. Failure to deliver these target levels will result in claw back of funds by Welsh Government. The Health Board achieved its quarter 3 target, which was the assessment of clawback point. It is critical that the quarter 4 target is now met to avoid any risk of clawback being reassessed.</p> <p>The achievement of releasable efficiency and productivity targets could deliver savings to support the financial position.</p>							
Legal Implications (including equality and diversity assessment)							
<p>A number of indicators monitor progress in relation to legislation, such as the Mental Health Measure.</p>							

Staffing Implications

A number of indicators monitor progress in relation to Workforce, such as Sickness and Personal Development Review rates. Specific issues relating to staffing are also addressed individually in this report.

Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)

The '5 Ways of Working' are demonstrated in the report as follows:

Long term – Actions within this report are both long and short term in order to balance the immediate service issues with long term objectives. In addition, profiles have been included for the Targeted Intervention Priorities for 2018/19 which provides focus on the expected delivery for every month as well as the year end position in March 2019.

Prevention – the NHS Wales Delivery framework provides a measureable mechanism to evidence how the NHS is positively influencing the health and well-being of the citizens of Wales with a particular focus upon maximising people’s physical and mental well-being.

Integration – this integrated performance report brings together key performance measures across the seven domains of the NHS Wales Delivery Framework, which identify the priority areas that patients, clinicians and stakeholders wanted the NHS to be measured against. The framework covers a wide spectrum of measures that are aligned with the Well-being of Future Generations (Wales) Act 2015.

Collaboration – in order to manage performance, the Corporate Functions within the Health Board liaise with leads from the Delivery Units as well as key individuals from partner organisations including the Local Authorities, Welsh Ambulance Services Trust, Public Health Wales and external Health Boards.

Involvement – Corporate and Delivery Unit leads are key in identifying performance issues and identifying actions to take forward.

Report History

The last iteration of the Integrated Performance Report was presented to the Performance & Finance Committee and Quality & Safety Committee in February 2019. This is a routine monthly report.

9.6 Primary Care and Community Services	54-55
10. LIST OF ABBREVIATIONS	56-57

1. OVERVIEW

The following summarises the key successes, along with the priorities, risks and threats to achievement of the quality, access and workforce standards.

Successes	Priorities
<ul style="list-style-type: none"> • The number of patients waiting over 36 weeks for treatment was higher than the February 2019 profile but is a significant improvement on February 2018 with 1,142 (28%) less patients waiting over 36 weeks. This is the best position since April 2014. • Therapy waiting times continue to be maintained at (or below) 14 weeks. • Sustained nil position in December 2018 for Endoscopy patients waiting over 8 weeks. • Sustained improvement in 4 hour stroke performance in Morriston since September 2018 as a result of the front door pilot. February 2019 saw the best recorded performance with 75%. • In February 2019, the internal profiles for healthcare acquired infections were achieved (i.e. <i>C. difficile</i>, <i>S.Aureus Bacteraemia</i> and <i>E.Coli</i>). • Acute Coronary Syndrome treat & repatriate pathway with Hywel Dda has significantly reduced waiting times for treatment. 	<ul style="list-style-type: none"> • Maximise alternative models to admission such as ambulatory and day unit facilities, hot clinics and direct to speciality admission pathways. • Implementation of the Cwmtawe cluster transformation work to test a cluster led integrated health & social care system. • Roll out electronic solution to capture live information on medically fit for discharge patients to improve communication and management of patient flow. • Limit unscheduled care pressure on stroke performance through implementation of planned improvement actions in Q4. • Ensure delivery of Q4 planned care profiles through outsourcing and maximising core capacity as well as ensuring good practices are implemented including increased booking rates, flexing theatre staffing, general pooling and reducing cancellation rates in March. • Reduce cancer backlog through increased focus on tracking cancer patient pathways across Units.
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Opportunity for evaluating and developing services across the Health Board following Bridgend boundary change. • Piloting a visiting GP scheme out of hours in care homes in the Bay Cluster with the aim of reducing GPOOH demand and 999 transfers • Development of long term posts in therapies and pharmacy to support winter plans in a sustainable format. • Demand and Capacity analysis for first outpatient appointments for suspected cancer referrals now available via the Cancer Dashboard. • Development of Children's Emergency Centre (Morriston) and Swansea Wellbeing Centre. 	<ul style="list-style-type: none"> • Overall impact of Bridgend Boundary Change and ongoing disruption to teams. • Potential impact of Brexit on equipment costs and access to products • Increasing number of Delayed Transfers of Care and 'discharge fit' patients due to capacity and fragility of private domiciliary care providers. • Unscheduled Care pressures and waits for transfers of care affecting stroke care capacity and unscheduled care flow. • Delivery of RTT profiles for Q4 being mitigated through efficient booking processes and utilisation of all available capacity. • Nursing and Medical vacancies across the Health Board due to recruitment and retention challenges as well as Nursing Staffing Act (NSA) deficits. • Increasing sickness rates across the Health Board

2. TARGETED INTERVENTION PRIORITY MEASURES SUMMARY (HEALTH BOARD LEVEL) – February 2019

The following measures will be reported as soon as data is available/ validated:

- Critical care utilisation and delayed discharges
- Use of pre-emptive/ boarding policy to place additional patients on wards
- Transfer times between hospitals within the health board
- Home before lunch metrics
- Serious incidents in ED
- Datix reports on 12 hour waits in ED/ delayed patient handover from WAST
- Patient and staff experience (e.g. Friends and Family test)

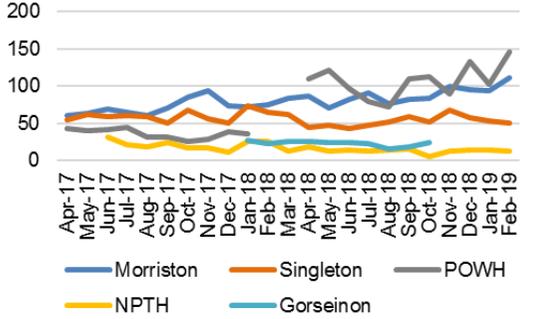

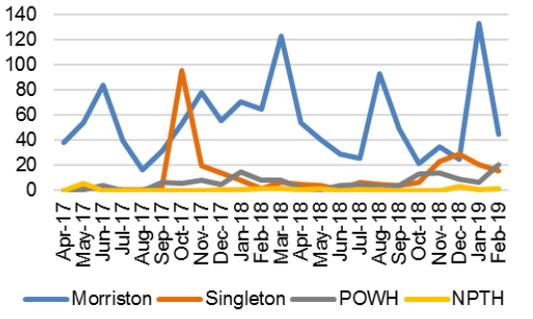

4.3 Unscheduled Care- Updates and Actions

This section of the report provides further detail on key unscheduled care measures.

Description	Current Performance	Trend	Actions planned for next period																																																																																																																								
<p>A&E waiting times The percentage of patients who spend less than 4 hours in all major and minor emergency care facilities from arrival until admission, transfer or discharge</p>	<p>Performance against the 4 hour metric in February 2019 improved by 0.3% from the January position and improved by 3.4% when compared with the reported performance for February 2018. However, performance was below the internal profile of 90.2%. Neath Port Talbot Hospital continues to exceed the national target of 95% but Morriston and Princess of Wales Hospitals were below profile, achieving 67% and 78% respectively.</p>	<p>% patients waiting under 4 hours in A&E</p>  <table border="1"> <caption>Approximate data for % patients waiting under 4 hours in A&E</caption> <thead> <tr> <th>Month</th> <th>Morriston</th> <th>Singleton</th> <th>POWH</th> <th>NPTH</th> </tr> </thead> <tbody> <tr><td>Apr-17</td><td>68</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>May-17</td><td>75</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jun-17</td><td>73</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jul-17</td><td>73</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Aug-17</td><td>78</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Sep-17</td><td>75</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Oct-17</td><td>65</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Nov-17</td><td>62</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Dec-17</td><td>65</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jan-18</td><td>60</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Feb-18</td><td>65</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Mar-18</td><td>60</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Apr-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>May-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jun-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jul-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Aug-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Sep-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Oct-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Nov-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Dec-18</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Jan-19</td><td>70</td><td>98</td><td>82</td><td>98</td></tr> <tr><td>Feb-19</td><td>67</td><td>98</td><td>78</td><td>98</td></tr> </tbody> </table>	Month	Morriston	Singleton	POWH	NPTH	Apr-17	68	98	82	98	May-17	75	98	82	98	Jun-17	73	98	82	98	Jul-17	73	98	82	98	Aug-17	78	98	82	98	Sep-17	75	98	82	98	Oct-17	65	98	82	98	Nov-17	62	98	82	98	Dec-17	65	98	82	98	Jan-18	60	98	82	98	Feb-18	65	98	82	98	Mar-18	60	98	82	98	Apr-18	70	98	82	98	May-18	70	98	82	98	Jun-18	70	98	82	98	Jul-18	70	98	82	98	Aug-18	70	98	82	98	Sep-18	70	98	82	98	Oct-18	70	98	82	98	Nov-18	70	98	82	98	Dec-18	70	98	82	98	Jan-19	70	98	82	98	Feb-19	67	98	78	98	<ul style="list-style-type: none"> • Full implementation of the Health Board and Welsh Government’s winter assurance funding to increase system support, resilience and patient safety. Evaluation of impact will be undertaken in April in collaboration with the National Collaborative Commissioning Unit(NCCU) using lesson learnt to inform and further develop our USC improvement plan. • NHS Wales Delivery Unit to assist with implementation of our clinically led discharge improvement programme (SAFER flow). • Recruitment in Morriston service delivery unit including OPAS, HCSW pool, and the Respiratory CNS to be completed. • Surge capacity has been initiated on all of our major hospital sites and additional surge capacity has also been opened where it has been possible.

Description	Current Performance	Trend	Actions planned for next period
<p>Ambulance responses The percentage of emergency responses to red calls arriving within (up to and including) 8 minutes. The number of responses to ambulance calls.</p>	<p>Ambulance response times are consistently above the national target and local profile of 65%, reporting 78.2% at the end of February 2019.</p>	<p>Number of ambulance call responses</p> 	<ul style="list-style-type: none"> • Working with WAST to direct patients to appropriate services or pathways, ensuring emergency ambulance capacity is utilised appropriately. • Implement the recommendations of the WAST internal audit report on hospital handover that are applicable to ABMU. • Jointly funded patient Hospital Ambulance Liaison Officer (HALO) role with WAST to assist with hospital handover until the end of March. • Two St Johns falls response vehicles have been commissioned in the HB area to reduce the number of falls patients conveyed to hospital and to release WAST ambulances to respond to higher acuity calls. Early indications of a 63% non-conveyance rate. • Plan to implement pilot for the Acute GP in Singleton in March to have access to the ambulance stack to intercept, assess and manage HCP calls through alternative pathways. • Working with the National Collaborative Commissioning Unit (NCCU) to target a reduction in the longer ambulance handover delays which have a disproportionate impact on ambulance lost hours. • GP's in the Bay cluster – which covers a population of 75K of Gower and South West Swansea are piloting a visiting GP scheme out of hours in care homes. The ambition is to reduce GPOOH demand and 999 transfers from care homes by providing timely and proactive interventions at the start of a weekend.
<p>Ambulance handovers The number of ambulance handovers over one hour</p>	<p>The number of ambulance handovers to local hospitals taking over 1 hour continues to be over profile which is a reflection of the pressures being felt across the wider unscheduled care system. In February 2019, Morriston Hospital saw a reduction compared with February 2018 (562 to 387). Princess of Wales Hospital (POWH) saw an increase of 26 (165 to 191) and Singleton Hospital saw a reduction of 37 (78 to 41).</p>	<p>Number of ambulance handovers over one hour</p> 	

Description	Current Performance	Trend	Actions planned for next period
<p>A&E Attendances The number of attendances at emergency departments in the Health Board</p>	<p>Attendances at our ED and Minor injuries units increased by 136 patients from 13,492 in February 2018 to 13,628 in February 2019. The attendances in February 2019 were in line with January 2019 due to the reduced number of days in the month. Singleton MIU remained closed during February as a result of refurbishment work. 504 patients were managed by this service in February 2018.</p>	<p>Number of A&E attendances</p> <p>— Morriston — Singleton — POW — NPTH</p>	<ul style="list-style-type: none"> • Additional 111 awareness campaign communication programme underway as part of the winter planning arrangements and communication of Choose Well pathways. • Encourage and promote the use of ABMU community pharmacies, 95% of whom are now in a position to offer the Common Ailment Service. • Maximise use of telephone first model to support practices to manage patient demand. • Implementation of the Cwmtawe cluster transformation work to test a cluster led integrated health & social care system. • Promote attendance at MIU in NPTH for minor illness and injury.
<p>Emergency Admissions The number of emergency admissions across the Health Board by site</p>	<p>In February 2019, there were a total of 5,669 emergency admissions across the HB which is in line with February 2018. Cardiology admissions largely accounted for the largest increase experienced between Feb-18 and Feb-19. The number of emergency admissions in the over 75 age group has reduced by 175 (11%) to 1,367 in February 2019, which is a reflection of the impact of the enhanced frailty services in the Health Board.</p>	<p>Number of emergency admissions</p> <p>— Morriston — Singleton — POW — NPTH</p>	<ul style="list-style-type: none"> • Rolling out the <i>I fell down</i> tool in the care homes with highest call demand on WAST in Swansea and NPT. This tool supports a reduction in the number of 'long lie' residents in care homes following a fall. • Maximise the benefit of the 2 falls vehicles in ABMU HB to support a reduction in the number of patients who have fallen, to be conveyed to hospital. (63% non-conveyance rate) • Acute Care Teams working in close liaison with WAST to redirect and manage patients in the community where capacity allows as opposed to a conveyance to hospital. • Maximise alternative models to admission that have been developed in Q1-3 such as ambulatory and day unit facilities, hot clinics and direct to speciality admission pathways. • Ongoing promotion of flu vaccine in vulnerable groups to reduce admissions to hospital.

Description	Current Performance	Trend	Actions planned for next period
<p>Medically Fit The number of patients waiting at each site in the Health Board that are deemed discharge/ medically fit</p>	<p>In February 2019, there were on average 319 patients who were deemed medically/ discharge fit but were still occupying a bed in one of the Health Board's Hospitals. This is a 71% increase when compared with February 2018.</p> <p>It must be noted that data collection has significantly improved recently which could also attribute to the increase in numbers.</p>	<p>The number of discharge/ medically fit patients by site</p>  <p><i>*Standardised collection of data from Gorseinon Hospital only commenced in January 2018 and no data available for POWH in February & March 2018. * Data for Gorseinon Hospital has not been available since November 2018.</i></p>	<ul style="list-style-type: none"> • Ongoing implementation and embedding the models of care to provide more timely discharge and value based care for frail older people. This includes the ICOP service at Singleton, the OPAS service at Morriston, the frailty service at POWH and the enabling ward and early supported discharge service at NPTH. • Promote and implement the SAFER flow principles. Embedding the safety huddle approach to managing flow with the support of the NHS Wales Delivery Unit across all units. • Implement clinically led programme of work reporting into USC board to ensure senior review is undertaken in a consistent way to ensure the provision of an agreed clinical management plan which is an essential to inform the estimated discharge date. • Roll out the electronic solution to capture live information on medically fit for discharge patients to improve communication and management of patient flow. • Implement the actions outlined in the section on delayed transfers of care below.
<p>Elective procedures cancelled due to lack of beds The number of elective procedure cancelled across the hospital where the main cancellation reasons was</p>	<p>In February 2019, there were 7 more elective procedures cancelled due to lack of beds on the day of surgery when compared with February 2018 (77 to 84). In February 2019, 45 of the 84 cancelled procedures were attributed to Morriston Hospital.</p>	<p>Total number of elective procedures cancelled due to lack of beds</p> 	<ul style="list-style-type: none"> • Implementation of models of care that mitigate the impact of unscheduled care pressures on elective capacity – such as ambulatory emergency care models and enhanced day of surgery models. • Maximise utilisation of surgical unit at NPTH hospital which is not affected by emergency pressures.

Description	Current Performance	Trend	Actions planned for next period
<p>Delayed Transfers of Care (DTC) The number of DTCs per Health Board- Mental Health (all ages)</p>	<p>The number of mental health related delayed transfers of care in February 2019 was 5 more than February 2018 but 2 less than the February 2019 internal profile of 28.</p>	<p>Number of Mental Health DTCs</p>	<ul style="list-style-type: none"> • Maintain expanded capacity of early supported discharge service in NPT to increase the number of discharges with the support of this service. • Maximise use of reablement capacity in Bonymaen house in Swansea. • Additional investment from local British Red Cross services to support hospital to home services from January 2019. • Following a discharge workshop on 14/01/19 it was agreed that there will be a specific improvement programme focussing on reducing delayed transfers of care within our HB. This is a clinically led programme and the key aims are to: <ul style="list-style-type: none"> ○ Standardise the approach taken across all Units to weekly stranded patient meetings ○ Undertake centralised monthly DTOC validation scrutiny meeting and monthly debrief meeting ○ Improve and quicken the assessment process between organisations ○ Improve communication between organisations ○ Implement new pathways of care to support discharge, e.g. home from hospital models. ○ Continue investment in additional community capacity to reduce admissions ○ Document all cases on the DTOC system ○ Benchmark with other Health Boards • Whilst the majority of the improvements reflect changes to process and communication, a significant factor underpinning the expected reduction in reported numbers will be the development of a Hospital 2 Home model of care during 2019/20. A joint transformation bid is being developed between the HB and local authority partners with the aim of discussion with WG during March 2019.
<p>Delayed Transfers of Care (DTC) The number of DTCs per Health Board - Non Mental Health (age 75+)</p>	<p>In February 2019, the number of non-mental health and Learning disability delayed transfers of care was 87, which is 34 more than February 2018.</p> <p>However there was an in-month reduction of 17 reported delays from the 104 delayed transfers reported in January 2019.</p>	<p>Number of Non Mental Health DTCs</p>	<ul style="list-style-type: none"> • Whilst the majority of the improvements reflect changes to process and communication, a significant factor underpinning the expected reduction in reported numbers will be the development of a Hospital 2 Home model of care during 2019/20. A joint transformation bid is being developed between the HB and local authority partners with the aim of discussion with WG during March 2019.

<p>Stroke 4 hour access target % of patients who have a direct admission to an acute stroke unit within 4 hours</p>	<p>In February 2019 only 30 out of 57 patients had a direct admission to an acute stroke unit within 4 hours (52.6%). February 2019 was another extremely challenging month for POWH as only 3 out of 21 patients were admitted within 4 hours (14.3%).</p> <p>The 4 hour target appears to be a challenge across Wales. The all-Wales data for January 2019 confirms that performance ranged from 35.2% to 64.6%. ABMU was the worst performing Health Board in January 2019.</p>	<p>Percentage of patients admitted to stroke unit within 4 hours</p> <table border="1"> <caption>Percentage of patients admitted to stroke unit within 4 hours (Estimated)</caption> <thead> <tr> <th>Month</th> <th>Morriston</th> <th>POWH</th> </tr> </thead> <tbody> <tr><td>Apr-17</td><td>40%</td><td>45%</td></tr> <tr><td>May-17</td><td>50%</td><td>65%</td></tr> <tr><td>Jun-17</td><td>45%</td><td>55%</td></tr> <tr><td>Jul-17</td><td>50%</td><td>50%</td></tr> <tr><td>Aug-17</td><td>45%</td><td>50%</td></tr> <tr><td>Sep-17</td><td>40%</td><td>45%</td></tr> <tr><td>Oct-17</td><td>45%</td><td>50%</td></tr> <tr><td>Nov-17</td><td>25%</td><td>45%</td></tr> <tr><td>Dec-17</td><td>15%</td><td>40%</td></tr> <tr><td>Jan-18</td><td>20%</td><td>45%</td></tr> <tr><td>Feb-18</td><td>35%</td><td>35%</td></tr> <tr><td>Mar-18</td><td>40%</td><td>40%</td></tr> <tr><td>Apr-18</td><td>45%</td><td>35%</td></tr> <tr><td>May-18</td><td>40%</td><td>35%</td></tr> <tr><td>Jun-18</td><td>45%</td><td>35%</td></tr> <tr><td>Jul-18</td><td>40%</td><td>30%</td></tr> <tr><td>Aug-18</td><td>75%</td><td>25%</td></tr> <tr><td>Sep-18</td><td>70%</td><td>25%</td></tr> <tr><td>Oct-18</td><td>60%</td><td>50%</td></tr> <tr><td>Nov-18</td><td>65%</td><td>40%</td></tr> <tr><td>Dec-18</td><td>55%</td><td>10%</td></tr> <tr><td>Jan-19</td><td>70%</td><td>10%</td></tr> <tr><td>Feb-19</td><td>52.6%</td><td>14.3%</td></tr> </tbody> </table>	Month	Morriston	POWH	Apr-17	40%	45%	May-17	50%	65%	Jun-17	45%	55%	Jul-17	50%	50%	Aug-17	45%	50%	Sep-17	40%	45%	Oct-17	45%	50%	Nov-17	25%	45%	Dec-17	15%	40%	Jan-18	20%	45%	Feb-18	35%	35%	Mar-18	40%	40%	Apr-18	45%	35%	May-18	40%	35%	Jun-18	45%	35%	Jul-18	40%	30%	Aug-18	75%	25%	Sep-18	70%	25%	Oct-18	60%	50%	Nov-18	65%	40%	Dec-18	55%	10%	Jan-19	70%	10%	Feb-19	52.6%	14.3%	<ul style="list-style-type: none"> • Point of care testing within ED to enable more timely access to thrombolysis intervention is being explored. • Actions to improve 4 hour target has seen improvements on the Morriston site but increased unscheduled care pressures in POWH has had a significant impact on its performance – particularly in accessing beds. • Early warning information / Communication of Stroke patients into ED is being discussed with WAST. • Thrombolysis Review recommendations have been shared with the Health Board and action plans to improve service delivery in a number of areas are being compiled. This includes the need for decisions to be made around dedicated OOH Consultants stroke rotas, changes to access to thrombolysis pathways and access to protected stroke beds.

5.3 Planned Care Updates and Actions

This section of the report provides further detail on key planned care measures.

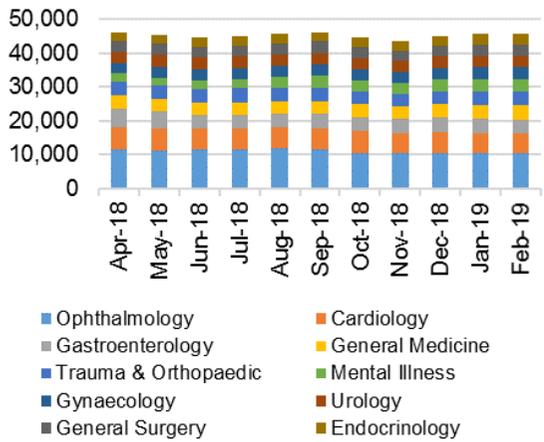

Description	Current Performance	Trend	Actions planned for next period
<p>Outpatient waiting times The number of patients waiting more than 26 weeks for an outpatient appointment (stage 1)</p>	<p>The number of patients waiting over 26 weeks for a first outpatient appointment continues to be significantly lower than in previous years. There was an increase in February 2019 with 315 patients waiting over 26 weeks compared with 153 in January 2019 but 417 less than February 2018. In February 2019, 127 breaches were in Urology, 79 were in ENT, 58 in General Surgery, 45 in Oral Maxillo Facial Surgery (OMFS), and 6 in Plastic Surgery.</p>	<p>Number of stage 1 over 26 weeks</p>	<ul style="list-style-type: none"> • Core capacity being maximised and additional clinics continue to be secured to maintain a Nil position across the majority of specialties. • Ongoing fragility of Urology service in POWH continues to be a challenge. Locum Consultant in place to support recovery, small risk for end of March position. • Issues around administrative support for General Surgery in POW has created a backlog with one consultant. Issues largely resolved but small risk for end of March. • Deterioration in OMFS in Morriston due to consultant sickness. Return of retired consultant to support additional clinics but small risk for end of March.
<p>Total waiting times The number of patients waiting more than 36 weeks for treatment</p>	<p>The number of patients waiting longer than 36 weeks from referral to treatment continues to be a challenge. In February 2019 there were 2,969 patients waiting over 36 weeks, therefore falling short of the internal profile of 2,622. This is the best position since April 2014.</p> <p>97% of patients are waiting in the treatment stage of the pathway and Orthopaedics accounts for 66% of the breaches, followed by General Surgery with 14%.</p>	<p>Number of patients waiting longer than 36 weeks</p>	<ul style="list-style-type: none"> • Significant outsourcing programme in place for the six main pressure specialties. Still further capacity to secure and book before the end of March. • Clearance of all waits in stages 2 and 3. • Dedicated sessions in ENT for retired and returned Consultant. • Pooling minor General Surgery cases in POW to allocate to Junior Doctors. • Increase booking rates, general pooling, validation and additional lists in Plastic Surgery. • Flexing theatre staffing across sites to close gaps and reduce cancellation of lists through March. • Target all non-cohort opportunity.

Description	Current Performance	Trend	Actions planned for next period
<p>Total waiting times The number of patients waiting more than 52 weeks for treatment</p>	<p>The number of patients waiting over 52 weeks mirrors that of the 36 week position with Orthopaedics and General Surgery accounting for the vast majority of breaches. In February 2019 the position has seen an in-month improvement of 140 and is 520 ahead of the March 2018 position.</p>	<p>Number of patients waiting longer than 52 weeks</p>	<ul style="list-style-type: none"> • The actions relating to > 52 week patients are the same as 36 week patients. • Targeted treat in turn and clinical discussions to prioritise longest waiting patients. • Units challenged to produce sustainable step change plans to maintain continual improvement and compress the tail end of the longest waiting patients.
<p>Total waiting times Percentage of patients waiting less than 26 weeks from referral to treatment</p>	<p>Throughout 2017/18 the overall percentage of patients waiting less than 26 weeks from referral to treatment has been consistently around 86%. So far in 2018/19 the percentage continues to be an improvement on March 2018 and the February 2019 position shows an in-month improvement of 0.5%. This position is the highest percentage since July 2013.</p>	<p>Percentage of patient waiting less than 26 weeks</p>	<ul style="list-style-type: none"> • Plans as outlined in previous tables.

Description	Current Performance	Trend	Actions planned for next period
<p>Diagnostics waiting times The number of patients waiting more than 8 weeks for specified diagnostics</p>	<p>In February 2019, there were 558 patients waiting over 8 weeks for specified diagnostics. The noticeable increase in breaches is due to the introduction of new Cardiac diagnostic tests in April 2018.</p> <p>The position is:-</p> <ul style="list-style-type: none"> • Cardiac Diagnostics (535) • Non Obstetric Ultrasound (12) • Cystoscopy (11) 	<p>Number of patients waiting longer than 8 weeks for diagnostics</p>	<ul style="list-style-type: none"> • Sustain Nil position for Endoscopy by maximising backfill and waiting list initiatives. • Locum consultant will clear Non Obstetric Ultrasound (NOUS) backlog by end of March 2019. • Plan for additional Cardiac CT/MR capacity is in place well with small improvements being seen. Pace of improvement is not as expected and discussions will be held before the end of March to identify areas for improvement.
<p>Therapy waiting times The number of patients waiting more than 14 weeks for specified therapies</p>	<p>There has been significant improvement in Therapy waiting times over the last 12 months and there were no patients waiting over 14 weeks in April 2018. The February 2019 position shows a Nil position for Therapies waiting over 14 weeks.</p>	<p>Number of patients waiting longer than 14 weeks for therapies</p>	<ul style="list-style-type: none"> • Continuation of current plans to manage patients into early appointments to provide headroom for re-booking any late cancellations.

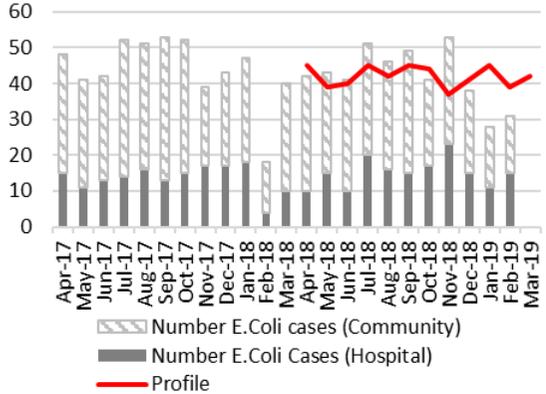

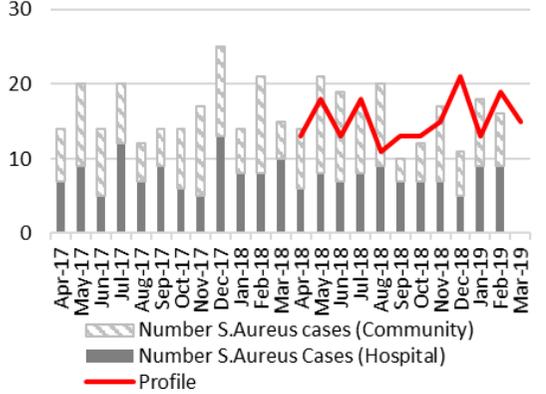

Description	Current Performance	Trend	Actions planned for next period
<p>Cancer- NUSC waiting times- Percentage of patients newly diagnosed with cancer, not via urgent route that started definitive treatment within 31 days of diagnosis</p>	<p>February 2019 figures will be finalised on 29th March. Draft figures indicate projected achievement of 96% of patients' starting treatment within 31 days. At the time of writing this report there are 5 breaches across the Health Board in February 2019:</p> <ul style="list-style-type: none"> • Lower Gastrointestinal: 2 • Urological: 1 • Head & Neck: 1 • Gynaecological: 1 	<p>Percentage of NUSC patients starting treatment within 31 days of diagnosis</p> <p>— Morriston — Singleton — POWH — NPTH</p>	<ul style="list-style-type: none"> • New Consultant Oncologist appointed for Urology and Lung tumour sites. To commence in post March 2019. • 8 session Consultant Clinical Oncologist post currently out to advert. • Progression of discussion with Hywel Dda Gynaecology team to consider options of utilising theatre capacity in Hywel Dda. • Singleton DU provided SBAR regarding delivery of chemotherapy services at Singleton.
<p>Cancer- USC waiting times- Percentage of patients newly diagnosed with cancer, via the urgent suspected cancer route, that started definitive treatment within 62 days of receipt of referral</p>	<p>February 2019 figures will be finalised on 29th March. Draft figures indicate a projected achievement of 81% of patients starting treatment within 62 days. At the time of writing this report there are 25 breaches in total across the Health Board in February 2019:</p> <ul style="list-style-type: none"> • Gynaecological: 7 • Breast: 5 • Urological: 5 • Lower Gastrointestinal: 4 • Upper Gastrointestinal: 3 • Sarcoma: 1 	<p>Percentage of USC patients starting treatment within 62 days of receipt of referral</p> <p>— Morriston — Singleton — POWH — NPTH</p>	<ul style="list-style-type: none"> • Morriston to progress Upper GI pathway review to identify possible bundling of diagnostic requests. • Advertising for 4th Gynae-oncology Consultant post has closed, interview date scheduled for 22nd March pending medical HR and Exec availability. • Head and Neck Lump pathway to commence – date tbc that will streamline time to diagnosis. • Breast radiology is key element of the breast surgery pathway and a locum consultant radiographer has joined the team to provide much needed capacity. A permanent appointment is still desirable and will remain a priority for the service. • Detailed Radiology Demand and Capacity plan including reporting time requirements is being finalised. Informatics to include priority flags within data warehouse, this has overrun by 2 weeks and currently being addressed for QA purposes ahead of any modelling work.

Description	Current Performance	Trend	Actions planned for next period																																																																								
<p>USC backlog The number of patients with an active wait status of more than 53 days</p>	<p>End of February 2019 backlog by tumour site:</p> <table border="1"> <thead> <tr> <th>Tumour Site</th> <th>53 - 62 days</th> <th>63 ></th> </tr> </thead> <tbody> <tr><td>Breast</td><td>5</td><td>2</td></tr> <tr><td>Gynaecological</td><td>4</td><td>10</td></tr> <tr><td>Haematological</td><td>0</td><td>2</td></tr> <tr><td>Head and Neck</td><td>4</td><td>4</td></tr> <tr><td>Lower GI</td><td>2</td><td>5</td></tr> <tr><td>Lung</td><td>0</td><td>0</td></tr> <tr><td>Other</td><td>0</td><td>2</td></tr> <tr><td>Skin</td><td>1</td><td>2</td></tr> <tr><td>Upper GI</td><td>2</td><td>9</td></tr> <tr><td>Urological</td><td>12</td><td>29</td></tr> <tr><td>Grand Total</td><td>30</td><td>65</td></tr> </tbody> </table>	Tumour Site	53 - 62 days	63 >	Breast	5	2	Gynaecological	4	10	Haematological	0	2	Head and Neck	4	4	Lower GI	2	5	Lung	0	0	Other	0	2	Skin	1	2	Upper GI	2	9	Urological	12	29	Grand Total	30	65	<p>Number of patients with a wait status of more than 53 days</p> <p>Legend: 53-62 days (orange), 63 days+ (blue)</p>	<ul style="list-style-type: none"> Increased focus on tracking across units, backlog has reduced through February to its lowest since September 2018, with the number in the over 62 days also reduced to the lowest this year. Pathway changes and increased capacity will also help reduce the backlog which is being monitored very closely.

Description	Current Performance	Trend	Actions planned for next period
<p>Delayed follow-ups The number patients delayed past their target date for a follow-up</p>	<p>In February 2019 there were a total of 66,567 patients waiting for a follow-up past their target date. This is above the internal profile for February 2019 and 2,251 (3%) more than February 2018.</p> <p>Of the 66,567 delayed follow-ups in February 2019, 15,187 have appointments and 51,380 are still waiting for an appointment.</p> <p>In February 2019, Ophthalmology accounted for 16% of the delayed follow-ups followed by Cardiology with 9%.</p>	<p>Delayed follow-ups: Top 10 Specialties</p>  <p>The chart displays the monthly total number of delayed follow-ups, broken down by specialty. Ophthalmology consistently shows the highest number of delayed follow-ups, followed by Cardiology. The total number of delayed follow-ups fluctuates slightly but remains relatively stable between 40,000 and 50,000 per month.</p>	<ul style="list-style-type: none"> Recruit to Validation Team with experienced staff and backfill. Validation Team to commence review of patients and categorisation (March/ April 2019) Identify changes to WPAS to accommodate new definitions / categorisations of activity (e.g. See on Symptom, PROMs, Self-Managed Care, Surveillance patients) (March/ April 2019) Modernisation Group to consider wider alternatives to improve pathways and reduce pressures in both New and follow up arrangements – i.e. considering multi-disciplinary outpatient review on patients with multiple co morbidities / managing fragile elderly patients (April 2019)

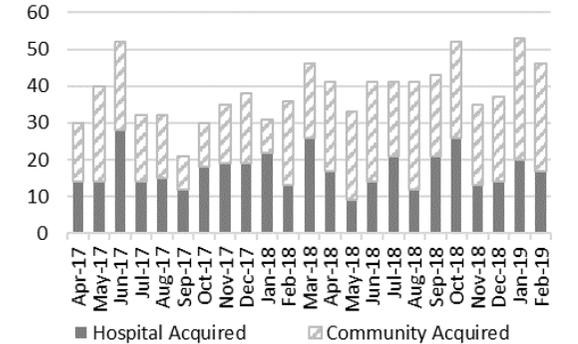

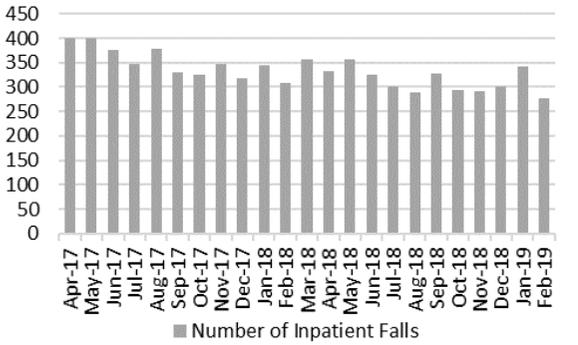

6.1 QUALITY AND SAFETY INDICATORS

This section of the report provides further detail on key quality and safety measures.

Description	Current Performance	Trend	Actions planned for next period
<p>Healthcare Acquired Infections- E.coli bacteraemia- Number of laboratory confirmed E.coli bacteraemia cases</p>	<ul style="list-style-type: none"> The number of <i>E. coli</i> bacteraemia in February (31 cases) was 8 cases below the projected IMTP monthly profile. Ratio: 36% hospital acquired to 64% community acquired. The cumulative number of cases (Apr-Feb 2018/19) is approximately 5% less than the cumulative number of cases for the same period in 2017/18. <p><i>High bed occupancy is a risk to achieving infection reduction.</i></p>	<p>Number of healthcare acquired E.coli bacteraemia cases</p>  <p>Number E.Coli cases (Community) Number E.Coli Cases (Hospital) Profile</p>	<ul style="list-style-type: none"> Delivery Units to continue with focus to increase numbers of staff who have been competence assessed for Aseptic Non Touch Technique (ANTT), with month-on-month improvements by 31.03.2019. Delivery Units to progress with PDSA style quality Improvement activities with a focus on urinary catheters, across acute sites. Delivery Units to explore how to extend Aseptic Non-touch Technique training, with competence assessment, to medical staff. Improvement work underway to improve HCAI data shared with Delivery Units.
<p>Healthcare Acquired Infections- S.aureus bacteraemia- Number of laboratory confirmed S.aureus bacteraemias (MRSA & MSSA) cases</p>	<ul style="list-style-type: none"> There were 16 cases of <i>Staph. aureus</i> bacteraemia in February, 3 cases below the projected monthly IMTP profile. 56% were hospital acquired infections. The cumulative number of cases (Apr-Feb 2018/19) is approximately 5% less than the cumulative number of cases for the same period in 2017/18. Line associated infection remains a significant causative factor. 	<p>Number of healthcare acquired S.aureus bacteraemias cases</p>  <p>Number S.Aureus cases (Community) Number S.Aureus Cases (Hospital) Profile</p>	<ul style="list-style-type: none"> Delivery Units to continue with focus to increase numbers of staff who have been competence assessed for Aseptic Non Touch Technique (ANTT), with month-on-month improvements by 31.03.2019. Improvement activities will continue to focus on the risk associated with the presence of invasive devices. Improvement work underway to improve HCAI data shared with Delivery Units.

Description	Current Performance	Trend	Actions planned for next period																																																																																																				
<p>Healthcare Acquired Infections- C.difficile- Number of laboratory confirmed C.difficile cases</p>	<ul style="list-style-type: none"> • There were 7 <i>Clostridium difficile</i> toxin positive cases in February. 4 were hospital acquired; all of these were associated with Morriston. • The cumulative position from Apr-Feb 18/19 was 47 cases below the IMTP projected profile (approximately 33% fewer cases compared with the same period in 2017/18). • The Health Board incidence per 100,000 population is the second highest in Wales. <p><i>High bed occupancy is a risk to achieving infection reduction.</i></p>	<p>Number of healthcare acquired C.difficile cases</p> <table border="1"> <caption>Approximate data from the C. difficile cases chart</caption> <thead> <tr> <th>Month</th> <th>Community Cases</th> <th>Hospital Cases</th> <th>Profile</th> </tr> </thead> <tbody> <tr><td>Apr-17</td><td>25</td><td>18</td><td>25</td></tr> <tr><td>May-17</td><td>22</td><td>15</td><td>22</td></tr> <tr><td>Jun-17</td><td>32</td><td>25</td><td>32</td></tr> <tr><td>Jul-17</td><td>25</td><td>22</td><td>25</td></tr> <tr><td>Aug-17</td><td>25</td><td>22</td><td>25</td></tr> <tr><td>Sep-17</td><td>22</td><td>20</td><td>22</td></tr> <tr><td>Oct-17</td><td>22</td><td>20</td><td>22</td></tr> <tr><td>Nov-17</td><td>28</td><td>25</td><td>28</td></tr> <tr><td>Dec-17</td><td>15</td><td>12</td><td>15</td></tr> <tr><td>Jan-18</td><td>22</td><td>18</td><td>22</td></tr> <tr><td>Feb-18</td><td>18</td><td>15</td><td>18</td></tr> <tr><td>Mar-18</td><td>28</td><td>25</td><td>28</td></tr> <tr><td>Apr-18</td><td>22</td><td>20</td><td>22</td></tr> <tr><td>May-18</td><td>15</td><td>12</td><td>15</td></tr> <tr><td>Jun-18</td><td>28</td><td>25</td><td>28</td></tr> <tr><td>Jul-18</td><td>22</td><td>20</td><td>22</td></tr> <tr><td>Aug-18</td><td>15</td><td>12</td><td>15</td></tr> <tr><td>Sep-18</td><td>10</td><td>8</td><td>10</td></tr> <tr><td>Oct-18</td><td>18</td><td>15</td><td>18</td></tr> <tr><td>Nov-18</td><td>10</td><td>8</td><td>10</td></tr> <tr><td>Dec-18</td><td>15</td><td>12</td><td>15</td></tr> <tr><td>Jan-19</td><td>10</td><td>8</td><td>10</td></tr> <tr><td>Feb-19</td><td>15</td><td>12</td><td>15</td></tr> <tr><td>Mar-19</td><td>20</td><td>18</td><td>20</td></tr> </tbody> </table>	Month	Community Cases	Hospital Cases	Profile	Apr-17	25	18	25	May-17	22	15	22	Jun-17	32	25	32	Jul-17	25	22	25	Aug-17	25	22	25	Sep-17	22	20	22	Oct-17	22	20	22	Nov-17	28	25	28	Dec-17	15	12	15	Jan-18	22	18	22	Feb-18	18	15	18	Mar-18	28	25	28	Apr-18	22	20	22	May-18	15	12	15	Jun-18	28	25	28	Jul-18	22	20	22	Aug-18	15	12	15	Sep-18	10	8	10	Oct-18	18	15	18	Nov-18	10	8	10	Dec-18	15	12	15	Jan-19	10	8	10	Feb-19	15	12	15	Mar-19	20	18	20	<ul style="list-style-type: none"> • Continue to monitor compliance with restriction of Co-amoxiclav, with feedback to Delivery Units. Impact: 50% reduction in annual Co-amoxiclav use by 31.03.19. • Primary Care antimicrobial guidelines review commenced. Restricting use of Co-amoxiclav more complex in Primary Care than in Secondary Care as limited oral antibiotic alternatives available. Lesser impact on community <i>Clostridium difficile</i> cases anticipated. • Review use of Hydrogen Peroxide Vapour technology, with a view to developing a plan for its use – plan to be completed by 31.08.2019. • Improvement work underway to improve HCAI data shared with Delivery Units.

Description	Current Performance	Trend	Actions planned for next period
<p>Number of Serious Incidents- Number of new Serious Incidents reported to Welsh Government</p>	<ul style="list-style-type: none"> The Health Board reported 53 Serious Incidents for the month of February 2019 to Welsh Government. There has been a change in guidance of SI reporting for Mental Health deaths. As a result, this accounts for the increase number of SI's for the month of February. Mental Health reported 39 SI's retrospectively in February. Last Never Event reported was on 21st March 2018. In February 2019, the performance against the 80% target of submitting closure forms within 60 working days was 68%. 	<p>Number of Serious Incidents</p> <p>Legend: Mental Health SIs (hatched), Number of HB SIs (exc. MH) (solid grey), Local Target (red line)</p>	<ul style="list-style-type: none"> Health Board is supporting the Mental Health & Learning Disabilities Unit to roll out the Serious Incidents Toolkit to ensure consistency of investigation and timeliness of investigations. The Welsh Risk Pool have suggested that the Pressure Ulcer Improvement methodology be applied to the Falls Improvement work and will coincide with the upcoming relaunch of the Health Board's Fall Prevention and Management Policy.
<p>30 day response rate for concerns- The percentage of concerns that have received a final reply or an interim reply up to and including 30 working days from the date the concern was first received by the organisation</p>	<ul style="list-style-type: none"> The overall Health Board response rate for responding to concerns within 30 working days was 80% in December 2018 against the Welsh Government target of 75% and Health Board target of 80%. 	<p>Response rate for concerns within 30 days</p> <p>Legend: 30 day response rate (solid grey), Profile (red line)</p>	<ul style="list-style-type: none"> Performance is discussed at all Unit performance meetings. For the first 6 months of this financial year the Health Board has achieved 80% in responses for the 30 day target. Ombudsman's Officer to present to Consultant Development Day.

Description	Current Performance	Trend	Actions planned for next period																																																																																																
<p>Number of pressure ulcers</p> <p>The number of grade 3, 4 suspected deep tissue injury and unstageable pressure ulcers</p>	<ul style="list-style-type: none"> The number of Grade 3+ pressure ulcers between January 2019 and February 2019 reduced from 53 to 46. The in-patient cases improved from 20 in January 2019 to 17 in February 2019, and similarly the number of community cases reduced from 33 in January to 29 in February 2019. 	<p>Total number of grade 3+ hospital and community acquired Pressure Ulcers (PU)</p>  <table border="1"> <caption>Data for Total number of grade 3+ hospital and community acquired Pressure Ulcers (PU)</caption> <thead> <tr> <th>Month</th> <th>Hospital Acquired</th> <th>Community Acquired</th> <th>Total</th> </tr> </thead> <tbody> <tr><td>Apr-17</td><td>15</td><td>15</td><td>30</td></tr> <tr><td>May-17</td><td>20</td><td>20</td><td>40</td></tr> <tr><td>Jun-17</td><td>28</td><td>23</td><td>51</td></tr> <tr><td>Jul-17</td><td>15</td><td>17</td><td>32</td></tr> <tr><td>Aug-17</td><td>12</td><td>18</td><td>30</td></tr> <tr><td>Sep-17</td><td>10</td><td>10</td><td>20</td></tr> <tr><td>Oct-17</td><td>15</td><td>15</td><td>30</td></tr> <tr><td>Nov-17</td><td>18</td><td>15</td><td>33</td></tr> <tr><td>Dec-17</td><td>20</td><td>15</td><td>35</td></tr> <tr><td>Jan-18</td><td>15</td><td>15</td><td>30</td></tr> <tr><td>Feb-18</td><td>20</td><td>15</td><td>35</td></tr> <tr><td>Mar-18</td><td>25</td><td>20</td><td>45</td></tr> <tr><td>Apr-18</td><td>15</td><td>25</td><td>40</td></tr> <tr><td>May-18</td><td>10</td><td>22</td><td>32</td></tr> <tr><td>Jun-18</td><td>15</td><td>25</td><td>40</td></tr> <tr><td>Jul-18</td><td>20</td><td>20</td><td>40</td></tr> <tr><td>Aug-18</td><td>20</td><td>20</td><td>40</td></tr> <tr><td>Sep-18</td><td>20</td><td>20</td><td>40</td></tr> <tr><td>Oct-18</td><td>25</td><td>25</td><td>50</td></tr> <tr><td>Nov-18</td><td>15</td><td>20</td><td>35</td></tr> <tr><td>Dec-18</td><td>20</td><td>15</td><td>35</td></tr> <tr><td>Jan-19</td><td>20</td><td>33</td><td>53</td></tr> <tr><td>Feb-19</td><td>17</td><td>29</td><td>46</td></tr> </tbody> </table>	Month	Hospital Acquired	Community Acquired	Total	Apr-17	15	15	30	May-17	20	20	40	Jun-17	28	23	51	Jul-17	15	17	32	Aug-17	12	18	30	Sep-17	10	10	20	Oct-17	15	15	30	Nov-17	18	15	33	Dec-17	20	15	35	Jan-18	15	15	30	Feb-18	20	15	35	Mar-18	25	20	45	Apr-18	15	25	40	May-18	10	22	32	Jun-18	15	25	40	Jul-18	20	20	40	Aug-18	20	20	40	Sep-18	20	20	40	Oct-18	25	25	50	Nov-18	15	20	35	Dec-18	20	15	35	Jan-19	20	33	53	Feb-19	17	29	46	<ul style="list-style-type: none"> The final report into Serious Incident pressure ulcers undertaken independently by Welsh Risk Pool was presented at PUPSG in February. The recommendations in the report were unanimously agreed by the group. Work is underway with e-learning at Wales to develop an e-learning pressure ulcer prevention education package that can be linked to ESR. Classroom teaching will continue to be delivered by TVN's and PUPIS. A quality improvement initiative to reduce damage associated with plaster casts by orthopaedic staff at Morriston has produced a standardised patient and carer information leaflet. This leaflet will be shared across the HB.

Description	Current Performance	Trend	Actions planned for next period																																																																											
<p>Mandatory & Statutory Training- Percentage compliance for all completed Level 1 competencies within the Core Skills and Training Framework by organisation</p>	<ul style="list-style-type: none"> February 2019 compliance against the 13 core competencies is 73.37%. This is a 0.15 % increase from January 2019 and an 18.80% rise since April 2018. First two weeks in January ESR e-learning was not available. This was a national issue, which resulted in no new competencies being completed. Furthermore, staff were advised to not complete e-learning during this period of time. ESR e-learning system came back into use in the 3rd week of January. 	<p>% of compliance with Core Skills and Training Framework</p> <table border="1"> <caption>Data for % of compliance with Core Skills and Training Framework</caption> <thead> <tr> <th>Month</th> <th>All Level 1 Compliance (%)</th> <th>Profile (%)</th> </tr> </thead> <tbody> <tr><td>Apr-17</td><td>38</td><td>40</td></tr> <tr><td>May-17</td><td>40</td><td>40</td></tr> <tr><td>Jun-17</td><td>42</td><td>40</td></tr> <tr><td>Jul-17</td><td>44</td><td>40</td></tr> <tr><td>Aug-17</td><td>44</td><td>40</td></tr> <tr><td>Sep-17</td><td>44</td><td>40</td></tr> <tr><td>Oct-17</td><td>44</td><td>40</td></tr> <tr><td>Nov-17</td><td>44</td><td>40</td></tr> <tr><td>Dec-17</td><td>44</td><td>40</td></tr> <tr><td>Jan-18</td><td>44</td><td>40</td></tr> <tr><td>Feb-18</td><td>44</td><td>40</td></tr> <tr><td>Mar-18</td><td>44</td><td>40</td></tr> <tr><td>Apr-18</td><td>44</td><td>40</td></tr> <tr><td>May-18</td><td>44</td><td>40</td></tr> <tr><td>Jun-18</td><td>44</td><td>40</td></tr> <tr><td>Jul-18</td><td>44</td><td>40</td></tr> <tr><td>Aug-18</td><td>44</td><td>40</td></tr> <tr><td>Sep-18</td><td>44</td><td>40</td></tr> <tr><td>Oct-18</td><td>44</td><td>40</td></tr> <tr><td>Nov-18</td><td>44</td><td>40</td></tr> <tr><td>Dec-18</td><td>44</td><td>40</td></tr> <tr><td>Jan-19</td><td>44</td><td>40</td></tr> <tr><td>Feb-19</td><td>44</td><td>40</td></tr> <tr><td>Mar-19</td><td>44</td><td>40</td></tr> </tbody> </table>	Month	All Level 1 Compliance (%)	Profile (%)	Apr-17	38	40	May-17	40	40	Jun-17	42	40	Jul-17	44	40	Aug-17	44	40	Sep-17	44	40	Oct-17	44	40	Nov-17	44	40	Dec-17	44	40	Jan-18	44	40	Feb-18	44	40	Mar-18	44	40	Apr-18	44	40	May-18	44	40	Jun-18	44	40	Jul-18	44	40	Aug-18	44	40	Sep-18	44	40	Oct-18	44	40	Nov-18	44	40	Dec-18	44	40	Jan-19	44	40	Feb-19	44	40	Mar-19	44	40	<ul style="list-style-type: none"> E-learning drop in sessions are continuing across the current health board and all sites on a regular basis, with the boundary changes coming into effect from end of March and dates programed into POWH will be handed over to Cwm Taff to hold. Dates and location have already been handed over. A review of the Mandatory Training framework is being planned where all relevant Subject Matter Experts will be invited to a workshop to discuss current and to identify new trends that may need to be introduced. The results of the NWSSP Audit were received and feedback is still to occur Due to the impending change of boundaries the work involved in Position numbers has taken a back step, however, will become a higher priority as we move forward identifying further training that are essential for specific areas of work and for this to included in ESR staff competencies requirements A date has been arranged April 15th for further examination of the ESR system, we are awaiting confirmation of the identity of the person from Informatics, as the current person will no longer be involved. Two new user guides have been created, a longer version which explains in detail and step by step that covers ANTT and a short version that covers Mandatory & Statutory requirements incorporating the updated access and use of e-learning in a simple one click process.

Description	Current Performance	Trend	Actions planned for next period																																																																																																																																																																
Vacancies <i>Medical and Nursing and Midwifery</i>	<ul style="list-style-type: none"> Continue to engage nurses from outside the UK to help mitigate the UK shortage of registered nurses. To date we have in our employ: EU Nurses employed at Band 5 = 70 Philippine nurses arrived in 17/18 & employed at Band 5 = 30 Regionally organised nurse recruitment days which ensure we are not duplicating efforts across hospital sites. These are heavily advertised across social media platforms via our communications team. 11 Health Care Support Workers (HCSW's) recruited to part time degree in nursing. 7 commenced in Sept-17 on a 4 year programme, the remainder commenced in Jan-18 on a 2 year 9 month programme. We have also secured further external funding to offer similar places to 13 HCSW's in 18/19 and recruitment to these places is underway. A further 13 of our HCSW's are currently undertaking a 2 year master's programme. 	Vacancies as at 28th Feb 2019 <table border="1"> <thead> <tr> <th>Grade - Medical & Dental</th> <th>Dec-18</th> <th>Jan-19</th> <th>Feb-19</th> </tr> </thead> <tbody> <tr> <td>21000-Consultant (M&D)</td> <td>-82.61</td> <td>-78.61</td> <td>-77.81</td> </tr> <tr> <td>21100-Locum Consultant (M&D)</td> <td>7.45</td> <td>6.65</td> <td>7.55</td> </tr> <tr> <td>22110-Associate Specialist (M&D)</td> <td>-12.69</td> <td>-12.69</td> <td>-12.69</td> </tr> <tr> <td>22200-Locum Associate Specialist (M&D)</td> <td>0.45</td> <td>0.45</td> <td>0.45</td> </tr> <tr> <td>22250-Specialist Dental Officer</td> <td>0.42</td> <td>0.42</td> <td>0.42</td> </tr> <tr> <td>22260-Senior Dental Officer</td> <td>-1.80</td> <td>-1.80</td> <td>-0.80</td> </tr> <tr> <td>22270-Dental Officer</td> <td>-1.99</td> <td>-1.99</td> <td>-1.99</td> </tr> <tr> <td>22310-Speciality Doctor (M&D)</td> <td>-27.01</td> <td>-27.92</td> <td>-28.92</td> </tr> <tr> <td>22320-Locum Speciality Doctor (M&D)</td> <td>-1.00</td> <td>-1.00</td> <td>-1.00</td> </tr> <tr> <td>23100-Specialty Registrar (M&D)</td> <td>-129.48</td> <td>-137.17</td> <td>-142.47</td> </tr> <tr> <td>23120-Locum Specialty Registrar (M&D)</td> <td>21.20</td> <td>26.20</td> <td>30.20</td> </tr> <tr> <td>23200-Specialist Registrar (M&D)</td> <td>-6.60</td> <td>-6.60</td> <td>-6.60</td> </tr> <tr> <td>23300-Locum Specialist Registrar (M&D)</td> <td>-1.20</td> <td>-1.20</td> <td>-1.20</td> </tr> <tr> <td>24100-F2 foundation year 2 (M&D)</td> <td>0.03</td> <td>0.08</td> <td>0.08</td> </tr> <tr> <td>24110-Locum F2 Foundation year 2 (M&D)</td> <td>2.00</td> <td>2.00</td> <td>3.00</td> </tr> <tr> <td>24400-F1 foundation year 1 (M&D)</td> <td>-8.37</td> <td>-7.37</td> <td>-7.44</td> </tr> <tr> <td>24900-Dental Trainees in Hosp Post</td> <td>3.96</td> <td>3.96</td> <td>3.96</td> </tr> <tr> <td>25000-Clinical Assistant (M&D)</td> <td>-0.37</td> <td>-0.37</td> <td>-0.37</td> </tr> <tr> <td>25100-Senior Lecturer (M&D)</td> <td>-1.90</td> <td>-1.90</td> <td>-1.90</td> </tr> <tr> <td>25300-G.P.Sessions / Staff Fund</td> <td>1.21</td> <td>0.59</td> <td>0.81</td> </tr> <tr> <td>Total</td> <td>-238.30</td> <td>-238.28</td> <td>-236.72</td> </tr> </tbody> </table> <table border="1"> <thead> <tr> <th>Grade - We are also currently exploring further options of nurses from Dubai and India. We are in the process of preparing a mini tendering exercise which will be aimed at suppliers who are able to provide overseas qualified nurses who already have the requisite English language requirements as this has been the time delay to date in our recruitment timeline. Work is underway to develop a medical recruitment strategy in partnership with the Medical Director/ Deputy Medical Director team. The initial plans were presented to the Workforce and OD committee in February.

Description	Current Performance	Trend	Actions planned for next period
<p>PADR <i>% staff who have a current PADR review recorded</i></p>	<p>The combined percentage of staff who have had a Personal Appraisal and Development Review (PADR) as of February 2019 stands at 66.71%. This shows no improvement from January's combined percentage of appraisals undertaken.</p> <p>Medical and Dentals results have also seen no improvement and remains at 68.57%.</p> <p>The Clinical Research Unit – Div has seen a significant drop in completed PADR from 62.79% in January to 42.86% in February. This shows a drop of 19.93%</p>	<p>% of staff who have had a PADR in previous 12 months</p> 	<ul style="list-style-type: none"> • PADR training will be offered as part of the new Managers Pathway from 1st April 2019. The Managers Pathway will be a mandatory process for all new managers who have people management responsibility, including those who joined the HB over the past 12 months. • Training Managers to complete Values Based PADR/use ESR to improve reporting figures. The Schedule is in place from November 2018 to December 2019 at all sites. • Additional, bespoke PADR training will be delivered as requested by teams and units. • Existing workshop content has been reviewed and updated in line with current needs. • Exploration of NHS pay deal is on-going and will be monitored in terms of outcome. • Internal audit of the PADR process commenced in December 2018. Recommendations from this audit are still due to occur.
<p>Operational Casework <i>Number of current operational cases by category.</i></p>	<ul style="list-style-type: none"> • There has been a steady and noticeable reduction in live ER cases over the last 4 months but volume of activity is still significantly increased on averages pre Mid 2016. • There has been a reduction in both Disciplinary cases and in the number of grievances. 	<p>Number of Operational Cases</p> 	<ul style="list-style-type: none"> • ER system configuration completed. System testing to commence shortly and completed in preparation for system go live in Mid-April. User training for case handlers and system admins in preparation for testing has been completed. • IO team recruitment adverts are just going live – sifting and shortlisting will be completed in the next period with structured interviews taking place on a date TBC. • ACAS supported training looking at improving partnership working and a programme of work with managers to look at bullying and harassment (targeted on hot spots identified in the 2018 staff survey) has been agreed. All events completed as at 4th Feb. ACAS summary post events is being prepared.

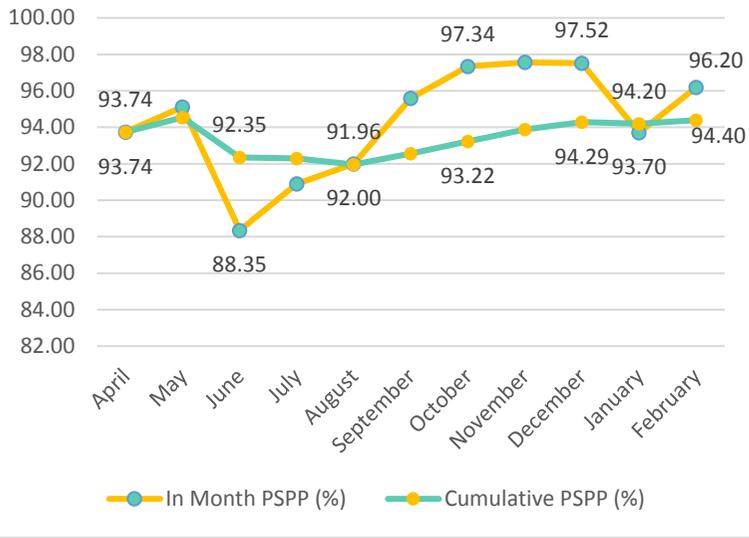

8. FINANCE UPDATES AND ACTIONS

This section of the report provides further detail on key workforce measures.

Description	Current Performance	Trend	Actions planned for next period																																																				
<p>Revenue Financial Position – expenditure incurred against revenue resource limit</p>	<ul style="list-style-type: none"> The cumulative revenue financial position at February 2019 is an overspend of £11.31m. The in-month performance produced an underspend of £1.304m against a target profile of £1.215m. Key pressures are savings not delivering in full and premium workforce cost. 	<p>HEALTH BOARD FINANCIAL PERFORMANCE 2018/19</p> <table border="1"> <thead> <tr> <th>Month</th> <th>Reported Variance (£'000)</th> <th>Target Variance (£'000)</th> </tr> </thead> <tbody> <tr><td>M1</td><td>2,365</td><td>2,365</td></tr> <tr><td>M2</td><td>2,365</td><td>2,365</td></tr> <tr><td>M3</td><td>2,061</td><td>2,061</td></tr> <tr><td>M4</td><td>2,044</td><td>2,044</td></tr> <tr><td>M5</td><td>2,044</td><td>2,044</td></tr> <tr><td>M6</td><td>1,286</td><td>1,286</td></tr> <tr><td>M7</td><td>1,286</td><td>1,286</td></tr> <tr><td>M8</td><td>1,286</td><td>1,286</td></tr> <tr><td>M9</td><td>-1,196</td><td>-1,196</td></tr> <tr><td>M10</td><td>-1,196</td><td>-1,196</td></tr> <tr><td>M11</td><td>-1,304</td><td>-1,215</td></tr> <tr><td>M12</td><td>-1,215</td><td>-1,215</td></tr> </tbody> </table>	Month	Reported Variance (£'000)	Target Variance (£'000)	M1	2,365	2,365	M2	2,365	2,365	M3	2,061	2,061	M4	2,044	2,044	M5	2,044	2,044	M6	1,286	1,286	M7	1,286	1,286	M8	1,286	1,286	M9	-1,196	-1,196	M10	-1,196	-1,196	M11	-1,304	-1,215	M12	-1,215	-1,215	<ul style="list-style-type: none"> Management and deployment of opportunities and risks within the delegated financial positions to ensure the delivery of the £10m year-end forecast deficit.

Description	Current Performance	Trend	Actions planned for next period
<p>Savings Delivery – Performance against the £21.2m savings requirement</p>	<ul style="list-style-type: none"> The Health Board financial plan set out a requirement to identify and deliver £21.2m. To date savings of £16.2m have been identified, however only £14.6m are classified as Green or Amber for delivery. To date savings of £11.9m have been delivered against a planned delivery of £14.6m. The forecast delivery is £13.5m against the £21.2m target. 		<ul style="list-style-type: none"> Identify areas of potential further slippage and consider the impact of scheme slippage on future year delivery.

<p>Workforce Spend – workforce expenditure profile</p>	<ul style="list-style-type: none"> Workforce expenditure is around £2.4m per month higher this year than in previous year. Around £1.5m of this relates to 18/19 pay inflation. The remainder reflects increased variable pay. The key areas of increase are Medical staffing through agency and internal locum cover and nursing agency. 		<ul style="list-style-type: none"> Analysis of the key factors driving the use of variable pay outside of planned budget Identify actions to cease the use of non-contract nurse agency.

9.1 Morryston Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • Continued maintenance of cancer performance • Continued reduction in Healthcare acquired infections • Continued improvement on stroke 12; 24; & 72 hour performance • TIA administrator appointed to further improve waiting times • Acute Coronary Syndrome (ACS) treat & repatriate pathway between Hywel Dda and ABMU Health Boards has significantly reduced the wait for treatment. • HSDU Re-audited by Notified Body and reaccredited to ISO 13485. • Overall winter 18/19 performance improved from 17/18 • Achieved 100% response to formal complaints (complaints received in Dec 18) – sustained >80% responded in 30 days. Reduced re-opened complaints & significant reduction in those open > 30days (8 only) • Improved incident management • Reduced number of open ER cases • Positive impact of temporary band 4 Patient flow co-ordinators & band 3 H@N roles(winter funding) 	<ul style="list-style-type: none"> • Reduce sickness – by focussing on Hotspot areas & sickness training • Further improve PDAR'S; IG & Stat & Mandatory training to 85% • Ongoing focus on stress, bullying & ACAS sessions • Sustained improvement of 4-hour bundle performance. • Stroke - Reducing unnecessary delays to improve patient experience & improved thrombolysis timeliness (in line with All-Wales position). • Cancer - Ongoing review and management of capacity & maintain ten day and backlog performance. • Additional theatre capacity for pancreatic/pelvic oncology patients. • Explore all opportunities to meet March 36 week RTT profile • Development of new HB new model for minor injuries pathway • Swansea GI rota Task and Finish group established to deliver on a Swansea GI rota by Feb 2020. • Develop options to provide MPMRI services as per NICE Guidelines. • Sustainable & compliant rotas for all grades of ED medical staff • Focus on reducing lead time to CT head following WG thrombolysis review
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Role redesign review of all vacancies at the weekly workforce panel. • Development of a local electronic system to streamline the Agency Cap process. • Monthly deep dive of all ER cases to resolve bottle necks & reduce delays • Review of the Clinical Workforce undertaken by Kendall Bluck. • Redesign of neck lump pathway. • Improve the uptake of straight to test in Lower GI. • Pathway review of out of area sarcoma patients. • Maximise the use of outsourcing contracts • Cross delivery unit working group to explore opportunities to address Morryston medical bed deficits • External critical care funding – support development of a comprehensive Morryston 24/7 model & post-operative care unit • Swansea Bay Theatre efficiency & utilisation partnership working 	<ul style="list-style-type: none"> • Nursing and Medical vacancies – recruitment challenges / Nursing Staffing Act (NSA) deficits & areas from staff survey that need to be addressed to improve retention. • Increase in the sickness absence rate. • Medical bed capacity / availability • Inability to fill core medical consultant & ED medical posts • Stroke - Reduced medical cover during the out of hour periods. • Increased numbers of patients medically fit for discharge (up to 111) • OMFS & Urology consultants on long term sick impacting on cancer & RTT performance. • Pancreatic capacity issues may have issues with regional contract. • Reduced cancer tracking capacity due to sickness & recruitment delays • Single cancer pathway & late USC referrals from other Units / HBs • New theatre staffing challenges in particular in Orthopaedics.

9.2 Neath Port Talbot Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • DTOC is at the lowest level since May 18, –16 in February • Waiting times targets achieved in all medical specialties and therapies. • MIU attendance at 98.51% • Cancer 100% • Critical Care funding from Network for Nutrition and Dietetics and Physiotherapy for 19/20 • Maintaining performance of reduced number of falls causing harm. • Therapy led ESD has been expanded the team to early evening to increase support short term winter funding • OT will be implementing a text reminder service for outpatient therapy appointments • Nurse Led Virtual Clinics will be commencing in May in Diabetes in Neath Port Talbot Hospital. It is anticipated that this will increase clinic capacity. • Coproduction has commenced in General Medicine 	<ul style="list-style-type: none"> • Support staff and services through boundary and no deal Brexit • Develop primary care services for therapies • Increase triage staffing in MIU to meet 99% 4hr target – recruiting • Consultant Antimicrobial Pharmacist and Antimicrobial Stewardship IMTP • MHRA licence for Singleton PTS and replacement air handling plant for Morriston PTS. • Recruitment of Registered Nurses. • Support the development and establishment of a stroke ESD service. • Increasing elective surgical activity to support RTT • Secure agency therapists to support winter plans – majority recruited • Support Plas Bryn Rhosyn Winter Plan to alleviate pressures within wards. • Secure agency physiotherapist to support MSK waiting times. • ALN report to Executive Directors • Establish sustainable Pharmacy support for Winter pressures. • Implementation of HEPMA phase 1 at NPT Hospital
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Remodelling of therapy management and financial structures • Develop primary care OT posts to address the preventative and early intervention needs of our population • Develop R&D within OT /physio/ N&D to support clinically effective service delivery for our patients • Re-structure of primary care pharmacy team (due to staff loss) to support long term work agenda & pharmacy contract with PCCS. • Work with our communities to develop sustainable solutions to well-being by developing social enterprise opportunities • Development of long term posts in therapies and pharmacy to support winter plans in a sustainable format. • Guidelines approved for the assessment and provision of equipment in the community.. • Opportunity for evaluating and developing services across the board in light of HB restructures • Support for a nutrition support team at Morriston 	<ul style="list-style-type: none"> • Capacity within the Community for discharges • Winter pressures – staffing challenges to support surge capacity. • Loss of pharmacists to cluster & practice based roles. • Recruitment issues for pharmacy technicians • Increased workload from NICE / New Treatment Fund appraisals specifically cancer drugs requiring infrastructure changes • Nurse recruitment challenges. • Bridgend boundary changes. • Devolved management and financial therapy budgets leads to governance issues and the reduces ability of therapy services to remodel, flex and respond to patients/ service needs • Brexit – increased equipment costs, risk to pharmaceutical products etc. • WFI WHSCC activity underperforming • MIU staffing pressures awaiting recruitment

9.3 Princess of Wales Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • 4 hour A&E performance improved in February 2019 to 78.66%, over 5.5% above February 2018 • Transfer of patient to Morriston on ACS Treat and Repatriate pathway – reducing waiting times • Arrival of Cancer trackers which • First Accredited Colonoscopy training course agreed for February 2019 in POW Endoscopy suite • Successful capital replacement bids approved and awaiting delivery of equipment. 	<ul style="list-style-type: none"> • Preparing for transfer into CTM UHB – supporting staff and services • Embed revised on-call arrangements post boundary change • Delivery of Winter schemes • Implement new patient administration system within POWH Emergency Department • Appoint to Clinical Site Management vacancies following consultation process • Develop capital plans for expansion of front door assessment space • Frailty at the front door service • Improvement in PADR and Mandatory training compliance across all disciplines. • Cancer Performance and scoping of impact of Single Cancer pathway.
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Developing engagement with current Cwm Taf team to develop working arrangements as part of new CTMUHB from April 1st 2019 • Frailty at the front door service commencing 7th January 2019 • IBG bid approval to recruit Parkinson's nurse • Continue to reduce elective waiting times by maximising routine capacity through outsourcing • Proceeding with further consultant radiologist advert in January 2019. • Continued head & neck radiology support from specialist to reduce backlog and waiting times in ultrasound. 	<ul style="list-style-type: none"> • Boundary change preparation and workload • The impact of a No Deal Brexit • Winter demand and pressures due to flu will be in full effect in Q4. • Emergency Department processing time increase due to new information system. • Bed availability on stroke unit and delays in transfer to the unit • Patients being cared for in inappropriate areas due to capacity issues • Numbers of DTOCs continue across Unit. • Medical workforce gaps in Q4 in ENT and continuing in Urology • Continued real Risk of large financial overspend covering lost consultant sessions at NPTH Radiology (12 sessions of DCC being covered with expensive locums and outsourcing). 2 consultants now on phased return. • Nursing workforce gaps

9.4 Singleton Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • SAU environment improvements continue. • Continued achievement of RTT 26, 36 and 52-week target for all medical specialties in Quarter 1, 2 and 3 2018/19. • Singleton Assessment Unit patient list and handover system implemented successfully. Rollout to inpatient ward areas continues. • Full ICOP Team appointed. • Martin Rolles elected to Royal College Radiologists National Council • All newly funded drugs built ready for prescribing on the electronic prescribing system within the 8 week deadline. • Team within BSW standard and able to offer colonoscopy within 2 weeks and SSP assessment within 24 hours. • Successful income generation on Neonates by providing additional capacity following transfer of POW cots/nursing resource. • Youth Board presentation at RCPCH Conference in Cardiff and Well child conference in London. 	<ul style="list-style-type: none"> • Manage RTT pressures in Ophthalmology and Gynaecology following recent workforce challenges. • Service Resign: Redesign Services Ward 4&7, embedding ICOPS model and inpatient capacity. • Integrated workforce planning. • Develop a plan to support Radiotherapies waiting times. • Improvement in PADR and Mandatory training compliance across all disciplines. • Cancer Performance and scoping of impact of Single Cancer pathway. • Business Cases - PET/CT & replacement Radiotherapy CT. • Brexit – assure the continued supply of laboratory reagents and consumables. • Developing capacity plans for Chemo-day unit. • Embedding the COPD early supporting discharge team
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Delivery Unit to support Health Board case for Nerve centre. • Review Endoscopy Capacity & Demand to agree strategic direction. • Increase activity through Medical Day Unit to support patient flow and review opportunities to support flow from Morriston. • Regional collaboration with Hywel Dda for both Dermatology and Endoscopy Services. • Piloting of Patient Knows Best (PKB) • Identify mechanism for funding resources and capacity to deliver therapy in line with NICE recommended new drugs/treatment within Haematology. • There is an opportunity to use the Tenovus bus for delivering additional cancer treatments. • Approval of FUNB validation proposal. • Revised SARC model. • Development of Children’s Emergency Centre (Morrison) and Swansea Wellbeing Centre. 	<ul style="list-style-type: none"> • Cwm Taf Boundary Remapping. • Cladding. • Availability of Staff/Loss of Consultant Histo-Pathologists • Under delivery of Waterfall elements. • Capacity issues within Dermatology Capital requirement for Fibrosan. • Cancer tracking and lack of workforce to support. • New NICE drug implementation will stretch the existing chemotherapy infrastructure. • The challenge in delivering new treatments due to lack of capacity. There is a risk of complaints from patients not being able to receive SACT in a timely manner. • Failure to recruit to Gynae Consultant job for 5th year in a row. • Separation of POW and desire of clinicians there to develop neonatal links with UHW – risk of reduction in flows into NICU at Singleton.

9.5 Mental Health & Learning Disabilities Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • The Delivery Unit regularly meets all requirements of sections of the Mental Health Measure. • Maintaining low number of healthcare acquired infections, with each occurrence reviewed for lessons learnt. • Maintaining relatively high levels of compliance with the PADR measures. • Met new target for psychological therapies in January, with a plan to meet on a sustainable basis. 	<ul style="list-style-type: none"> • Ongoing intervention with frequent areas of poor compliance. Awareness on importance of timely discharge summaries with all Clinical Staff. • Recruitment and retention of staff for critical nursing and medical vacancies. • Hold and improve current rate of sickness through, Staff Health & Wellbeing Action Plan 18/19; Pilot Delivery Unit Staff Counsellor; Pilot Performing Medicine Staff Wellbeing programme; Promote Well Being Champions roles (47). • Appoint to medical staffing vacancies or modernise service.
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Mandatory training has improved however, Localities are working to improve this further towards compliance. • Terms of reference for the serious incident group have been updated and the format of the reports has been changed in line with the recommendations from the Delivery Unit report to be in line with the rest of the Health Board. A learning matrix has been developed to embed and share the learning identified from serious incidents. RCA Training needs to be provided for investigators. Appointment to training post has been made. • A new system for supporting performance on complaints has been put in place with weekly reviews by the Q&S team lead by the Head of Operations to support the localities to respond within the 30 day time scale. 	<ul style="list-style-type: none"> • Capacity gaps in Care Homes. Capacity and fragility of private domiciliary care providers, leading to an increase in the number of patients in hospital who are 'discharge fit' and increasing length of stay. • Recruitment market for substantive nursing and medical vacancies. • Security issues in Cefn Coed and Garngoch Hospitals. • Demand and capacity constraints in CMHT's.

9.6 Primary Care & Community Services Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> • Pulmonary Rehab Team invited to present to an International Nursing Meeting ‘Nursing, Practice & Care’. • First meeting of a Patient Participation Group for Cymmer/Cwmavon Managed Practice • District Nursing Escalation Tool in pilot phase across all ABMU. • Successful Bid from Western Bay to increase size of Dementia Support Team in Swansea – Service Lead has been invited to showcase the service at a European Integrated Conference in line with successful Bevan Commission Exemplar work • Reduction in children referred for Dental treatment under general anaesthetic since the roll out of the Paediatric General Anaesthetic pathway in Jan 2019 • National E-Referral programme rolled out for Dental providers – ABMU HB is an early adopter for the new electronic referral system across Wales • 5 further Dental practices selected to join the General Dental Services Reform Scheme • 11,500 flu vaccines delivered by Community Pharmacies in 18/19 – this is a 37% increase compared to the 17/18 flu season • Community Pharmacy Medicines Management in Care Homes service commissioned across ABMU, with 24 care homes engaged in the service to date; this is 42% higher than the national average 	<ul style="list-style-type: none"> • Confirm District Nursing Strategic Development work plan for 2019. • District Nursing and Primary Care Out of Hours services to identify best models of care and where necessary, service remodelling to accommodate multidisciplinary OOH working. • Improve provision of outreach services for vulnerable groups in Integrated Sexual Health • Progress Branch Surgery Closure process following formal request from Amman Tawe Partnership to close their branch site in Cwmllynfell • Implement the new Assessment Care in Custody and Teamwork process in HM Prison Swansea • Finalise development of new Dental pathway for Syrian refugees • Establish Integrated Community Dental/General Dental Domiciliary service steering group • Training for Primary Care Optometrists to undertake extended eye tests for Stroke patients (Cwmtawe) • Continue work with 111 and Hywel Dda to finalise the Community Pharmacy UTI service by 31/03/19 as requested by WG • Support transfer of Diabetic Retinopathy screening service in the Community relieving service pressures in Singleton Hospital • Progression of ABMU Transformation schemes (including Hospital 2 Home, Whole System Cluster Transformation and ‘Our Neighbourhood Approach’) • Swansea Wellness Centre SOC going to Health Board in March
Opportunities	Risks & Threats
<ul style="list-style-type: none"> • Identify key areas where Swansea and NPT can work prudently, for example an aligned District Nursing Single Point of Contact • Confirm dates for the pilot for SEPSIS/NEWS/Recognising the deteriorating patient and clinical handover using the SBAR tool • Development of sedation service in Dental Teaching Unit in Port Talbot Resource Centre • Common Ailments Plus service – allowing community pharmacists who are Independent Prescribers to prescribe treatment for patients reducing demand on GP consultations 	<ul style="list-style-type: none"> • Notification of a tribunal to lift a national GP disqualification • Issues re the under-establishment in the Swansea District Nursing Single Point of Contact - ongoing complaints from GPs and patients. • Band 8a Senior Service & Patient Pathway Improvement Manager Community Dental Service post deferred again at Corporate Vacancy panel. Significant risk to service delivery if unfilled.
