QUALITY & SAFETY PERFORMANCE REPORT

1. INTRODUCTION

The purpose of this report is to provide an update on current performance of the Health Board at the end of the most recent reporting window in delivering key performance measures outlined in the NHS Wales Delivery Framework and local Quality & Safety measures.

2. BACKGROUND

The NHS Wales Delivery Framework sets out measures under the quadruple aims which the performance of the Health Board is measured. The aims within the NHS Delivery Framework are:

- **Quadruple Aim 1:** People in Wales have improved health and well-being with better prevention and self-management
- **Quadruple Aim 2:** People in Wales have better quality and more accessible health and social care services, enabled by digital and supported by engagement
- **Quadruple Aim 3:** The health and social care workforce in Wales is motivated and sustainable
- **Quadruple Aim 4:** Wales has a higher value health and social care system that has demonstrated rapid improvement and innovation, enabled by data and focused on outcomes

In recent years, performance management against the Performance Framework targets has been undertaken by reviewing the previous months' performance, to reduce the reporting function during the COVID-19 pandemic. Welsh Government have now deemed it appropriate to move away from reporting performance against the 'Quadrants of Harm' and focus will return to providing comprehensive performance updates in line with the All-Wales Performance Management Framework 2023/24.

3. GOVERNANCE AND RISK ISSUES

Appendix 1 of this report provides an overview of how the Health Board is performing against the National Delivery measures and key local measures. Mitigating actions are listed where performance is not compliant with national or local targets as well as highlighting both short term and long terms risks to delivery.

4. FINANCIAL IMPLICATIONS

At this stage in the financial year there are no direct impacts on the Health Board's financial bottom line resulting from the performance reported herein.
