<b>Meeting Date</b>	<b>26<sup>th</sup> September 2018</b>		<b>Agenda Item</b>	<b>4c</b>
<b>Report Title</b>	<b>Integrated Performance Report</b>			
<b>Report Author</b>	Hannah Roan, Performance and Contracting Manager Darren Griffiths, Assistant Director of Strategy			
<b>Report Sponsor</b>	Siân Harrop-Griffiths, Director of Strategy			
<b>Presented by</b>	Cathy Dowling, Interim Deputy Director of Nursing & Patient Experience			
<b>Freedom of Information</b>	Open			
<b>Purpose of the Report</b>	The purpose of this report is to provide an update on the current performance of the Health Board at the end of the most recent reporting window in delivering key performance measures outlined in the 2018/19 NHS Wales Delivery Framework.			
<b>Key Issues</b>	<p>This Integrated Performance Report provides an overview of how the Health Board is performing against the National Delivery measures and key local quality and safety measures. Actions are listed where performance is not compliant with national or local targets as well as highlighting both short term and long terms risks to delivery.</p> <p>The NHS Delivery Framework contains a number of qualitative measures that are reported via self-assessment templates. Internal Audit has recommended that the committee should have sight of the templates prior to submission, therefore a copy of the reporting template for Service User Experience is included in Section 6 of this report.</p>			
<b>Specific Action Required</b>	<b>Information</b>	<b>Discussion</b>	<b>Assurance</b>	<b>Approval</b>
	✓		✓	
<b>Recommendations</b>	<p>Members are asked to:</p> <ul style="list-style-type: none"> <li>note current Health Board performance against key measures and targets and the actions being taken to improve performance.</li> <li>endorse submission of the Service User Experience reporting template to Welsh Government</li> </ul>			

## Governance and Assurance

### Link to corporate objectives

## Quality, Safety and Patient Experience

The performance report outlines performance over the domains of quality and safety and patient experience, and outlines areas and actions for improvement.

Quality, safety and patient experience are central principles underpinning the National Delivery Framework and this report is aligned to the domains within that framework.

There are no directly related Equality and Diversity implications as a result of this report.

## Financial Implications

At this stage in the financial year there are no direct impacts on the Health Board's financial bottom line resulting from the performance reported herein except for planned care.

Planned Care additional capacity is funded by £8.3m to support delivery of target levels. Failure to deliver these target levels will result in claw back of funds by Welsh Government. The decision on whether to apply clawback or not, it is understood, will be made at the end of quarter 3.

The achievement of releasable efficiency and productivity targets could deliver savings to support the financial position.

## Legal Implications (including equality and diversity assessment)

A number of indicators monitor progress in relation to legislation, such as the Mental Health Measure.

<b>Staffing Implications</b>	
A number of indicators monitor progress in relation to Workforce, such as Sickness and Personal Development Review rates. Specific issues relating to staffing are also addressed individually in this report.	
<b>Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)</b>	
<p>The '5 Ways of Working' are demonstrated in the report as follows:</p> <p>Long term – Actions within this report are both long and short term in order to balance the immediate service issues with long term objectives. In addition, profiles have been included for the Targeted Intervention Priorities for 2018/19 which provides focus on the expected delivery for every month as well as the year end position in March 2019.</p> <p>Prevention – the NHS Wales Delivery framework provides a measureable mechanism to evidence how the NHS is positively influencing the health and well-being of the citizens of Wales with a particular focus upon maximising people's physical and mental well-being.</p> <p>Integration – this integrated performance report brings together key performance measures across the seven domains of the NHS Wales Delivery Framework, which identify the priority areas that patients, clinicians and stakeholders wanted the NHS to be measured against. The framework covers a wide spectrum of measures that are aligned with the Well-being of Future Generations (Wales) Act 2015.</p> <p>Collaboration – in order to manage performance, the Corporate Functions within the Health Board liaise with leads from the Delivery Units as well as key individuals from partner organisations including the Local Authorities, Welsh Ambulance Services Trust, Public Health Wales and external Health Boards.</p> <p>Involvement – Corporate and Delivery Unit leads are key in identifying performance issues and identifying actions to take forward.</p>	
<b>Report History</b>	The last iteration of the Integrated Performance Report was presented to the Performance & Finance Committee in August 2018. Quality and Safety elements of the report are also presented to the Quality & Safety Committee.
<b>Appendices</b>	None

## **Summary of performance against national and local measures**

## 1. Overview

The following summarises the key successes, along with the priorities, risks and threats to achievement of the quality, access and workforce standards.

Successes	Priorities
<ul style="list-style-type: none"> <li>• The percentage of patients waiting under 26 weeks from referral to treatment is the highest since June 2013.</li> <li>• Therapy waiting times continue to be maintained at (or below) 14 weeks.</li> <li>• Sustained nil position in August 2018 for Endoscopy patients waiting over 8 weeks.</li> <li>• Cancer waiting times continue to improve. Final figures for July 2018 confirm that internal profiles were met for both 31 and 62 day access measures and that ABMU was the best performing Health Board in Wales. Draft figures for August confirm that the improving trend is continuing.</li> <li>• Improvement in the number of staff completing Aseptic Non Touch Technique (ANTT) training.</li> <li>• No Never Events reported since 21<sup>st</sup> March 2018.</li> </ul>	<ul style="list-style-type: none"> <li>• System wide focus on targeted intervention areas</li> <li>• Development of the winter assurance planning arrangements protecting 36 week scheduled care.</li> <li>• Roll out and support the impact of the Directed Enhanced Service for INR and Direct-Acting Oral Anticoagulants (DOAC) service.</li> <li>• Evaluate impact of #endpjaralysis campaign.</li> <li>• Focus on improving theatre efficiency and safety.</li> <li>• Targeted treat in turn and clinical discussions to prioritise longest waiting elective patients</li> <li>• Increased use of POWH Cath labs as part of Health Board's TAVI management plan</li> <li>• Implement Early Supported Discharge Team to improve patient pathways.</li> <li>• Implementation of restricted Antimicrobial Prescribing Policy.</li> </ul>
Opportunities	Risks & Threats
<ul style="list-style-type: none"> <li>• Learn from infection control outbreaks including developing action plans from root causes analysis</li> <li>• Implementation of the SAFER flow bundle will aid patient flow and unscheduled care.</li> <li>• Roll out of independent prescribers within community pharmacy to aid unscheduled care, GMS sustainability and sexual health services.</li> <li>• Testing and further developing ambulatory care and frailty models to support admission avoidance.</li> <li>• Development of long term sickness pathways to help guide managers in managing common absence conditions.</li> <li>• Development of new models of care with partners to remodel services in line with Parliamentary Review</li> </ul>	<ul style="list-style-type: none"> <li>• Additional work required by services to prepare for Boundaries change.</li> <li>• Recruitment of pharmacists to acute sector and primary care, and loss to cluster/ practice based roles.</li> <li>• Ongoing sustainability of Therapies waiting times due to planned sickness and maternity leave.</li> <li>• High number of medically fit patients remaining in hospital.</li> <li>• Sustainability of the South Wales Cleft Lip Palate service delivered from Morriston Hospital following the resignation of single handed consultant.</li> <li>• ABMU continues to be the only Health Board in Wales not to use HPV or UV-C decontamination process; not utilising these technologies is a risk to achieving infection reduction.</li> <li>• Ongoing medical and nursing staffing gaps in acute services.</li> </ul>

- Workforce challenges at consultant and middle grade level in POWH

## 2. Targeted Intervention Priority Measures Summary- Health Board Level – August 2018

## 4. Exception Reporting

This section of the report provides further detail on key measures that are below internal profiles or required levels.

### 4.1 Unscheduled Care (WG measures 67- 70)

Description	Current Performance	Trend	Actions planned for next period
<b>A&amp;E waiting times</b> The percentage of patients who spend less than 4 hours in all major and minor emergency care facilities from arrival until admission, transfer or discharge	In August 2018 performance against the 4 hour metric deteriorated from the position reported in July 2018 from 79.87% to 77.937% and was below the internal profile of 88.1%. Singleton and Neath Port Talbot Hospitals continue to exceed the national target of 95% but Morriston and Princess of Wales Hospitals are below profile, achieving 67.87% and 76.89% respectively.	<b>% patients waiting under 4 hours in A&amp;E</b> 	<ul style="list-style-type: none"> <li>Focus on implementation of the SAFER flow bundle to support patient flow, reducing unnecessary stays in hospital and increasing avoidable admissions.</li> <li>Implementation of Quarter 2 USC improvement plans with a particular focus on developing our frailty services and ambulatory emergency care models.</li> <li>Development of the winter assurance planning arrangements.</li> <li>Extend weekday consultant medical cover at POWH from 8.00pm – 9.30pm wef 3/9/18, following consultant recruitment.</li> <li>Fully implement changes to the management of speciality expected patients at Morriston hospital to bypass the emergency department.</li> <li>Patient Flow consultation process throughout August/early September to be implemented late September in relation to redefining the model for the management of Patient Flow on the POWH through the creation of Band 7 clinical site management 24/7.</li> <li>Training staff on implementation of safety huddle model at Morriston hospital for implementation late Autumn.</li> </ul>
<b>A&amp;E waiting times</b> The number of patients who spend 12 hours or more in all hospital major and minor care facilities from arrival until admission, transfer or discharge	Performance against the 12 hour A&E measure has improved when compared with July 2018. In August 2018, the Health Board had 511 12 hour breaches of which 373 were attributed to Morriston Hospital, 136 to Princess of Wales Hospital and 2 to Singleton Hospital.	<b>Number of patients waiting over 12 hours in A&amp;E</b>

<b>Delayed Transfers of Care (DTOC)</b> The number of DTOCs per Health Board - Non Mental Health (age 75+)	In August 2018, the number of non-mental health and Learning disability delayed transfers of care was 85 which is higher than the internal profile of 47. Swansea Locality traditionally has the largest proportion of delays but in August NPT had the largest proportion (47%) followed by Swansea with 23% and Bridgend with 30%. The growth in NPT is attributed to an increase in patients waiting LA placement of care or completion of assessment; and patients waiting for CRT input (but there is currently no capacity in the service).	<b>Number of Non Mental Health DTOCs</b> <table border="1"><caption>Number of Non Mental Health DTOCs (Estimated Data)</caption><thead><tr><th>Month</th><th>Number of non Mental Health DTOCs</th><th>Profile</th></tr></thead><tbody><tr><td>Apr-17</td><td>45</td><td>40</td></tr><tr><td>May-17</td><td>50</td><td>40</td></tr><tr><td>Jun-17</td><td>45</td><td>40</td></tr><tr><td>Jul-17</td><td>45</td><td>40</td></tr><tr><td>Aug-17</td><td>50</td><td>40</td></tr><tr><td>Sep-17</td><td>70</td><td>40</td></tr><tr><td>Oct-17</td><td>60</td><td>40</td></tr><tr><td>Nov-17</td><td>65</td><td>40</td></tr><tr><td>Dec-17</td><td>55</td><td>40</td></tr><tr><td>Jan-18</td><td>45</td><td>40</td></tr><tr><td>Feb-18</td><td>50</td><td>40</td></tr><tr><td>Mar-18</td><td>45</td><td>40</td></tr><tr><td>Apr-18</td><td>35</td><td>40</td></tr><tr><td>May-18</td><td>65</td><td>40</td></tr><tr><td>Jun-18</td><td>75</td><td>40</td></tr><tr><td>Jul-18</td><td>75</td><td>40</td></tr><tr><td>Aug-18</td><td>85</td><td>40</td></tr><tr><td>Sep-18</td><td>60</td><td>40</td></tr><tr><td>Oct-18</td><td>55</td><td>40</td></tr><tr><td>Nov-18</td><td>55</td><td>40</td></tr><tr><td>Dec-18</td><td>45</td><td>40</td></tr><tr><td>Jan-19</td><td>45</td><td>40</td></tr><tr><td>Feb-19</td><td>45</td><td>40</td></tr><tr><td>Mar-19</td><td>45</td><td>40</td></tr></tbody></table>	Month	Number of non Mental Health DTOCs	Profile	Apr-17	45	40	May-17	50	40	Jun-17	45	40	Jul-17	45	40	Aug-17	50	40	Sep-17	70	40	Oct-17	60	40	Nov-17	65	40	Dec-17	55	40	Jan-18	45	40	Feb-18	50	40	Mar-18	45	40	Apr-18	35	40	May-18	65	40	Jun-18	75	40	Jul-18	75	40	Aug-18	85	40	Sep-18	60	40	Oct-18	55	40	Nov-18	55	40	Dec-18	45	40	Jan-19	45	40	Feb-19	45	40	Mar-19	45	40	<ul style="list-style-type: none"><li>Discussions taking place with LA partners at all levels to discuss collaborative opportunities to improve the discharge pathway and patient experience, and to consider how this may be supported through the Transformation Funds in 2018/19 or via invest to save proposals.</li><li>Promote and implement the SAFER flow principles and to develop the safety huddle approach to managing flow with the support of the NHS Wales Delivery Unit</li><li>Undertake bed utilisation review in Swansea and NPT hospitals in early October 2018.</li><li>Receive feedback from Delivery Unit on the complex discharge audit undertaken in August – to inform and strengthen discharge improvement process.</li></ul>

## 4.7 Workforce Measures (Revised Workforce Measures)

Description	Current Performance	Trend	Actions planned for next period
<b>Staff sickness rates-</b> <i>Percentage of sickness absence rate of staff</i>	<ul style="list-style-type: none"> <li>The 12 month rolling performance to the end of July 2018 is 5.85% (up 0.01% on June 2018). Our in month performance in July 18 was 5.90%, an increase of 0.22% on the previous month.</li> </ul>	<p><b>% of full time equivalent (FTE) days lost to sickness absence (12 month rolling)</b></p> <p>Rolling Abs FTE%, Abs FTE%, Absence Target</p>	<ul style="list-style-type: none"> <li>Share outputs of best practise case study conducted in 3 areas of good sickness performance and develop plan for implementation of learnings across all Units.</li> <li>Roll out of LTS pathways for MSK conditions to help guide managers in managing common absence conditions.</li> <li>Develop improvement plan for occupational health services based on data analysis and engagement with clinical team</li> <li>Complete roll out of training for this year's Flu Champions.</li> </ul>
<b>Mandatory &amp; Statutory Training-</b> <i>Percentage compliance for all completed Level 1 competencies within the Core Skills and Training Framework by organisation</i>	<ul style="list-style-type: none"> <li>Compliance against 10 core competencies policies was 64% in August 2018. This is an improvement from 38% in April 2017.</li> <li>Compliance rates have increased by nearly 10% from April 2018. This increase accounts for an additional 25,000 competencies achieved by staff</li> <li>A further 50,000 competencies will need to be achieved to meet the 85% WAG target.</li> </ul>	<p><b>% of compliance with Core Skills and Training Framework</b></p> <p>All Level 1 Compliance Profile</p>	<ul style="list-style-type: none"> <li>Highlighted as a risk around resourcing in the paper prepared for Audit Committee.</li> <li>Reformatting of Mandatory and Statutory Training guides to fit ABMU. Step by step guides have been developed in partnership with Shared Services.</li> <li>E-learning drop in sessions at all sites conducted bi-weekly, including staff group specific training undertaken.</li> <li>Increased governance measures in place for administrators. All administrators have received additional training (or their access rights have been withdrawn).</li> <li>Work is underway to review M&amp;S training requirements by role profile to reduce duplication of effort by staff repeating learning already covered at lower levels.</li> </ul>

Description	Current Performance	Trend	Actions planned for next period																																																																																																																																	
<b>Vacancies</b> <i>Medical and Nursing and Midwifery</i>	<ul style="list-style-type: none"><li>• We continue to engage nurses from outside the UK to help mitigate the UK shortage of registered nurses. To date we have in our employ:</li><li>• EU Nurses employed at Band 5 = 70</li><li>• Philippine nurses arrived in 17/18 &amp; employed at Band 5 = 30</li><li>• Regionally organised nurse recruitment days which ensure we are not duplicating efforts across our hospital sites. These are heavily advertised across social media platforms via our communications team.</li><li>• Eleven of our Health Care Support Workers (HCSW's) recruited to a part time degree in nursing. Seven commenced in September 2017 on a four-year programme, the remainder commenced in January 2018 on a two year nine month programme. We have also secured further external funding to offer similar places to Thirteen HCSW's in 18/19 and recruitment to these places is underway.</li><li>• A further thirteen of our HCSW's are currently undertaking a two-year master's programme.</li><li>• Eight HCSW's with overseas registration have recently commenced a programme developed with Swansea University to become registered nurses in the UK.</li></ul>	Vacancies as at 13 <sup>th</sup> September 2018	<ul style="list-style-type: none"><li>• Joint CT / ABMU recruitment protocol to begin to address boundary change issues is in draft and will be implemented through the period up to transfer.</li><li>• We are also currently exploring further options of nurses from Dubai and India. We are in the process of preparing a mini tendering exercise which will be aimed at suppliers who are able to provide overseas qualified nurses who already have the requisite English language requirements as this has been the time delay to date in our recruitment timeline.</li></ul>

## 5.1 Morriston Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> <li>• Early creation of a clinically approved winter plan that included cross site collaboration and a shared approach posed to emergency care cancer surgery access at Morriston</li> <li>• Datix Incident Reporting – All no harm incidents reported prior to 2018 reviewed and closed where appropriate</li> <li>• RTT- Consistent reduction in the number of patients waiting in excess of 52 weeks for treatment. End of August position under 1,000 for the first time this year</li> <li>• ECHO – Further changes to pathways for GP expected patients accessing direct to specialities. T&amp;O and Fractured NoF implementation on October 1<sup>st</sup></li> <li>• Cancer – sustained performance and consistent delivery of reduced Outpatient waits</li> <li>• Stroke – 12, 24 and 72 hour performance indicators consistently high</li> <li>• Theatres – Trial of 3D imaging equipment in ENT Morriston theatres</li> <li>• Infection – Significant reduction in HCA c. difficile – 4 cases Aug 18 (18 cases in July 18, remain within trajectory for HCA bacteraemia's</li> </ul>	<ul style="list-style-type: none"> <li>• Health Board decision on Winter funding required to ensure the Unit is able to optimise recruitment and benefits of early planning</li> <li>• Unscheduled Care performance recovery plan</li> <li>• Commencement of TAVI recovery plan</li> <li>• Plans to address financial challenge in Q3 and Q4</li> <li>• Stroke – To improve 4 hour performance &amp; swallow screening in a joint programme with ED</li> <li>• Workforce – To improve mandatory training rates and reduce sickness absence</li> <li>• Cancer – a focus on Pancreatic Cancer pathways</li> <li>• RTT- Progressing the staffed mobile theatre unit for arthroplasty</li> <li>• Datix Incident Reporting – Service Groups to focus on incidents reported since April 2018</li> <li>• ECHO – NHS Wales Delivery Unit Stay Huddles project and risk based assessments training underway</li> <li>• Infection – maintain outbreak control measures put in place on 31<sup>st</sup> July 2018</li> </ul>
Opportunities	Risks & Threats
<ul style="list-style-type: none"> <li>• RTT - Improving the 'treatment in turn rates' for OMFS and Plastic Surgery</li> <li>• Use of NPT theatres for T&amp;O to reduce long delays in access</li> <li>• Stroke – Second registrar on nights from 1<sup>st</sup> August to help reduce delays to assessment delays out of hours</li> <li>• Cross-site meeting established for theatre management teams reviewing LOCSIP/NATSIP process and validation</li> <li>• Reducing the -41 bed deficit in the Morriston medical bed base could enable a reduction in costly outsourcing and potential to explore growth in income</li> <li>• Morriston Open Day planned for 6<sup>th</sup> October '18</li> <li>• Balance of Care bed survey on October 3<sup>rd</sup> will provide a 'day of admission' and a 'day of survey' view of our inpatients and those in the community. This could help shape and 'right size' the bed base for HB admissions and reduce the pressure on regional and tertiary service delivery in Morriston</li> </ul>	<ul style="list-style-type: none"> <li>• Health Board winter planning process and urgent need for a timely decision on resource allocation and capacity</li> <li>• Recognised deficit of -41 medical beds in Morriston with outliers impacting on opportunities to deliver growth in Surgery</li> <li>• T&amp;O elective operating compromised by staffing issues in Theatres leading to excessive waits for routine elective surgery</li> <li>• Stroke – No Out of Hours cover to aid retrieval and identification of stroke patients in A &amp; E.</li> <li>• Cancer – Management of capacity in Theatre and MDT</li> <li>• Datix Incident Reporting - Data quality and incorrect reporting requires significant resource to review and amend</li> <li>• Separate management of theatres and recruitment across 3 HB sites</li> <li>• Infection – cost of Bioquell cleaning programme &amp; risk of being unable to maintain all control measures due to overall bed capacity gaps</li> </ul>

## 5.5 Mental Health & Learning Disabilities Delivery Unit- Overview

Successes	Priorities
<ul style="list-style-type: none"> <li>• The Delivery Unit continues to meet all requirements of the Mental Health Measure.</li> <li>• Maintaining low number of healthcare acquired infections, with each occurrence reviewed for lessons learnt.</li> <li>• Maintaining compliance with the PADR measures.</li> </ul>	<ul style="list-style-type: none"> <li>• Ongoing intervention with frequent areas of poor compliance. Awareness on importance of timely discharge summaries with all Clinical Staff.</li> <li>• Recruitment and retention of staff for critical nursing and medical vacancies.</li> <li>• Hold and improve current rate of sickness through, Staff Health &amp; Wellbeing Action Plan 18/19; Pilot DU Staff Counsellor; Pilot Performing Medicine Staff Wellbeing programme; Promote Well Being Champions roles (47)</li> </ul>
Opportunities	Risks & Threats
<ul style="list-style-type: none"> <li>• Leads from Strategy continue to progress discussions with Cwm Taf towards the improvement of the CAMHS element of the Mental Health Measure.</li> <li>• Mandatory training has improved however, Localities are working to improve this further towards compliance.</li> <li>• Terms of reference for the serious incident group have been updated and the format of the reports has been changed in line with the recommendations from the DU report to be in line with the rest of the Health Board. A learning matrix has been developed to embed and share the learning identified from serious incidents.</li> <li>• A new system for supporting performance on complaints has been put in place with weekly reviews by the Q&amp;S team lead by the Head of Operations to support the localities to respond within the 30 day time scale.</li> </ul>	<ul style="list-style-type: none"> <li>• Capacity gaps in Care Homes. Capacity and fragility of private domiciliary care providers, leading to an increase in the number of patients in hospital who are 'discharge fit' and increasing length of stay.</li> <li>• Recruitment market for substantive nursing and medical vacancies</li> </ul>

## 6. Welsh Government Reporting Template

### Evidence of how NHS organisations are responding to service user experience to improve services

<b>NHS Organisation</b>	ABMU Health Board
<b>Date of Report</b>	11/09/18
<b>Report Prepared By</b>	Marcia Buchanan, Patient Experience Manager

The [NHS Framework for Assuring Service User Experience](#) explains the importance of gaining service user experience feedback in a variety of ways using the four quadrant model (real time, retrospective, proactive/reactive and balancing). It outlines three domains to support the use and design of feedback methods and is intended to guide and complement service user (patient) feedback strategies in all NHS Wales organisations. NHS organisations are required to evidence that service user experience feedback is gathered and acted upon in all care settings (as applicable).

**Reporting Schedule:** Evidence of how NHS organisations are responding to service user experience feedback to improve/redesign their services is to be reported annually. This form is to be submitted on 30 September to cover the period April 2017 to March 2018.

	<b>What has your organisation done to encourage feedback from service users on their experience of your services?</b>	<b>What has your organisation done to respond to service user feedback to improve/redesign your services?</b>	<b>How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?</b>
<b>Prevention Services</b> (to protect & improve health). This includes Screening Services	<p>Monthly patient experience Audiology (adult and paediatric) 510 surveys collected across ABMU.</p> <p>Weekly and monthly patient experience Endoscopy 1,458 surveys collected across</p>	<p>Audiology reports created and placed on notice boards for members of the public to see. Any issues raised in the feedback are addressed and reported back via the 'You said – We did' report. You said- We did reports posted on ABM website.</p> <p>Endoscopy reports created and placed on notice boards for members of the public to see.</p>	<p>Patient feedback reports are used when developing service improvements in the Commissioning Intelligence Centre Of Excellence. Patient Feedback reports are used to inform the Value Based Healthcare Work.</p> <p>Patient feedback reports are used to improve services and reported in the Delivery Units</p>

	<b>What has your organisation done to encourage feedback from service users on their experience of your services?</b>	<b>What has your organisation done to respond to service user feedback to improve/redesign your services?</b>	<b>How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?</b>
	<p>ABMU.</p> <p>Patient experience feedback collected for Gum clinics although numbers are low, 62 for this time.</p> <p>Monthly and Weekly patient experience feedback for Haematology is collected across ABMU and during this time frame 747 surveys collected. Overall satisfaction rate of 98%</p> <p>Phelbotomy monthly and weekly patient feedback collected across ABM, for this time period 395 Friends and Family test were collected. Satisfaction rate was low 80%</p>	<p>Any issues raised in the feedback are addressed and reported back via the 'You said – We did' report. You said- We did reports posted on ABM website.</p> <p>Service managers review the feedback and use to highlight issues and improve services.</p> <p>Haematology reports created and placed on notice boards for members of the public to see. Any issues raised in the feedback are addressed and reported back via the 'You said – We did' report. You said- We did reports posted on ABM website.</p> <p>Hotspot wards are identified across inpatient ward, which are averaging below 90% satisfaction rate on Friends and Family responses. Each of the DSU management teams receive detailed reports identified the themes and develop action plan for improvement at ward level. The hotspot performance can be considered in</p>	<p>Quality and assurance meetings.</p> <p>Any outcomes are captured on the Datix system.</p> <p>Patient feedback reports are used to improve services and reported in the Delivery Units Quality and assurance meetings.</p>

	<b>What has your organisation done to encourage feedback from service users on their experience of your services?</b>	<b>What has your organisation done to respond to service user feedback to improve/redesign your services?</b>	<b>How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?</b>
	<p>Cancer services: During 2017/18 There were 2,111 Friends and Family collected across the cancer services with a recommended score of 96%.</p> <p>Clinical Nurse Specialist (CNS) surveys for Paediatric service were developed late 2017. To date they have captured 217 Friends and Family Cards. This survey captures diabetes, respiratory, epilepsy, nutrition, endocrine and enuresis.</p>	<p>conjunction with each DSU individual report. It is then possible to identify any triangulated areas of concern from incidents or concerns.</p> <p>Patient users and report results placed on the clinic/ward areas for members of the public to review.</p> <p>Hotspot wards are identified across inpatient ward, which are averaging below 90% satisfaction rate on Friends and Family responses. Each of the DSU management teams receive detailed reports identified the themes and develop action plan for improvement at ward level. The hotspot performance can be considered in conjunction with each DSU individual report. It is then possible to identify any triangulated areas of concern from incidents or concerns.</p> <p>Patient users and report results placed on the clinic/ward areas for members of the public to review.</p> <p>All weekly reports are shared with</p>	<p>The Cancer feedback report was shared with All Wales Cancer Network. And is used for the Macmillan Peer reviews.</p> <p>The weekly reports are sent to the Service Managers and patient feedback is linked into the DSU reports. DSU reports the Quality Improvement plan, which feeds into the IMPT plan.</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	<p>Patient feedback captured via the Friends and Family survey is populating the ABM Elderly Dashboard.</p> <p>Patient Advice Liaison Service (PALS) teams are set up in our four acute sites and provide support to patients and families and help to 'nip issues in the bud'.</p> <p><u>GENERAL INFORMATION</u> ABMU overall Friends and Family recommendation rate is 95% during this time frame, for two months during 2017 the recommended rate reached 96%.</p>	<p>the team and placed on the department notice board.</p> <p>Any issues raised in the feedback are addressed and reported back via the 'You said – We did' report.</p> <p>Feedback is used to theme issues and improve services. The 'at a glance' dashboard links allows services manager and staff to view there areas and have a better understanding of the issues across their areas</p> <p>PALS team respond to the service user via email, telephone, skype, or face to face.</p> <p>Results of the ward visits are given feedback on area of good practice and improvements required. Wards produce improvement plans based on the feedback received. Improvement plans are discussed</p>	<p>Elderly dashboard is reported in the Quality Improvement plan, which feeds into ABMS IMTP.</p> <p>PALS activity is recorded via the Datix system. Issues and concerns are escalated to complaints teams. Information captured in the Datix System informs the IMPT.</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	<p>Real time alerts. These alerts are generated when a member of the public write/type a particular 'buzz word' on the online Friends and Family Test. The email alert is sent to the Ward Manager for review and if needed urgent action.</p> <p>There are 500 volunteers across ABM and they play an active part in obtaining the patient feedback i.e. supporting those who find it difficult to complete forms, organising and distributing the Friends and Family and All Wales Patient Experience Surveys.</p> <p><b><u>FUTURE DEVELOPMENTS</u></b>  Macmillan/GPs and ABM working to develop bespoke questionnaire to capture patient feedback on cancer pathways.  Sexual Health Clinics  Childhood immunisation  Linking with the top 5 Public</p>	<p>in units Quality and Safety meetings and also included in unit exception reports, which are presented to Corporate Quality and Safety Committee meetings.</p> <p>Being on the front line they link with staff to ensure any issues are dealt with.</p>	<p>The work the volunteers undertake is reported centrally in the Annual Quality plan</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	Health initiatives, to gather feedback.		
<b>Primary Care</b>	<p>Bespoke patient survey created for the PRAMS service to help support improvements and developments. Users of the service were very happy with the service but felt they wanted it to be extended for a few more weeks as they found it 6 week too short.</p> <p>Bespoke Ophthalmology patient feedback surveys created for the team to use. During this time, 76 surveys completed.</p> <p>District nursing patient feedback surveys used. Although numbers are low during this period.</p> <p><b><u>General Information</u></b> Patient Experience feedback reports are shared with our Stake Holder Reference Group</p>	<p>Report shared with service users via email.</p> <p>Report sent to Service managers to review and develop action plans where needed.</p> <p>District nursing reports are used to support improvement work with the managers. The report is linked to the DSU reports and feeds in to the ABM overall report.</p>	<p>PRAMS Service Managers reviewing the survey results and will discuss the future improvements.</p> <p>Any actioned required reported back to the DSU Quality and Assurance meetings.</p> <p>DSU reports the Quality Improvement plan, which feeds into the IMPT plan.</p> <p>This data is reported in the ABMU Quality and Safety Committee.</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	<p>at bi-monthly meetings.</p> <p>Let's Talk is a platform members of the public use. They can send us a messages, concerns, feedback or compliments about a service. Twitter and Facebook: Managed by the communications department Care Opinion: Managed by the Corporate Nursing Team</p> <p>Compliments: On the Health Board website, there is a link to follow to provide feedback for Primary Care Services within each area. The Health Board records all written compliments on their Datix system to ensure positive feedback is recorded and reported effectively</p> <p>The Health Board is now in its 4<sup>th</sup> year of collecting Friends and Family Test (<b>Real Time – Short Surveys</b>) across the organisation The Health Board collect 1,085</p>		<p>This data is reported in the ABMU Quality and Safety Committee.</p> <p>This data is reported in the ABMU Quality and Safety Committee.</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	<p>Primary Care Friends and Family feedback forms with an overall recommendation rate of 91% during April 2017 to March 2018</p> <p>Retrospective – More in depth surveys – The health board utilises the All Wales Framework during this time frame 424 All Wales Surveys were completed with a satisfaction rate of 93%.</p> <p><b><u>Future Developments</u></b> Primary Care and Patient feedback teams have meet to discuss capturing patient feedback and increasing the overall numbers. This is ongoing work. Increase the use of F&amp;F across the District nursing area. Developing surveys and Capturing feedback from: Dentists, Care homes, School</p>	<p>Hotspot areas are identified across inpatient ward, which are averaging below 90% satisfaction rate on Friends and Family responses.</p> <p>Each of the DSU management teams receive detailed reports identified the themes and develop action plan for improvement at ward level. The hotspot performance can be considered in conjunction with each DSU individual report. It is then possible to identify any triangulated areas of concern from incidents or concerns.</p> <p>Member of the public is contacted and discussions on the issues raised in the alert. If a serious concern then it is recorded on the Datix system.</p>	<p>Delivery Unit specific reports are generated and taken bi-monthly to the Quality and Safety Committee. Hospital site reports are published on the Health Board Internet website together with 'You said – We did' which given a sample of the actions undertaken because of direct patient feedback. Reported in the Unit Quality and Safety meeting.</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	nursing, Community Midwives, Prisons.		
<b>Planned Care</b>	<p>Endoscopy survey developed. During this time scale 892 Friends and Family cards have been completed. With 545 bespoke surveys competed. Surveys also cross over screening services</p> <p>Maternity: there were 11,272 Friends and Family tests completed by patients who attended the maternity departments during this time frame. The recommended satisfaction rate across maternity was 98%.</p> <p>Maternity bespoke survey is also running in parallel and 895 survey were completed with</p>	<p>Patient Feedback results are used to develop action plans for service improvements. Example question: Given a choice of time and date of test. Results show that 93% were given a choice. How they accomplish this, is by clerical staff undertake a telephone pre-assessment for all patient attending for procedures – If patients have difficulty attending appointments this is discussed.</p> <p>Main themes from the F&amp;F and bespoke survey was: Parking, Food, Waiting, and department being busy. Maternity feedback results are reported to the Quality and Safety Meetings. Ward managers post the report on the Ward notice boards. You said: would like an information pack for younger parents. We did: Contacts the Council who</p>	<p>Unit manager is responsible for receiving reports, ensuring feedback is provided and actions taken where needed. Results are displayed on the 'Know how we are doing board. Results and action are discussed and agreed in department bi-monthly staff user group meetings.</p> <p>Maternity feedback used to inform IMPT</p>

	What has your organisation done to encourage feedback from service users on their experience of your services?	What has your organisation done to respond to service user feedback to improve/redesign your services?	How have service users been engaged to inform your Integrated Medium Term Plan (IMTP)?
	<p>overall satisfaction rate of 85%. Survey also cover antenatal services which also come under screening services.</p> <p>Day Surgery patient experience feedback collected across ABM. During this time period 2,224 forms completed with a satisfaction rate of 99%.</p> <p><b><u>General Information</u></b> The Health Board is now in its 4<sup>th</sup> year of collecting Friends and Family Test (<b>Real Time – Short Surveys</b>) across the organisation The Health Board collect 51,804 Planned Care Friends and Family feedback forms during April 2017 to March 2018 with a recommended satisfaction rate of 95%.</p> <p>Retrospective – More in depth surveys – The health board</p>	<p>already have packs and they are now on the Maternity wards for staff to give to younger parents.</p> <p>Day Surgery reports sent to Unit nurse directors and ward managers to help inform any improvement work. Although patient feedback is telling us services users do not want any changes made, as it is a wonderful service and staff are amazing.</p> <p>Hotspot wards are identified across inpatient ward, which are averaging below 90% satisfaction rate on Friends and Family responses.</p> <p>Each of the DSU management teams receive detailed reports identified the themes and develop action plan for improvement at ward level.
