# ANNUAL PLAN 21/22 DELIVERY: QUARTER 3 PROGRESS REPORT

## 1. INTRODUCTION

This paper provides the reported status against the priorities (actions agreed) for quarter 3 (Q3) delivery, as set out in the Annual Plan 21/22.

## 2. BACKGROUND

The Annual Plan 21/22 submitted to Welsh Government in June 2021, sets out a series of goals, methods, outcomes (GMOs) with associated timescales for delivering the Health Board's priorities for 2021/22, as follows:

Table 1

Annual Plan 21/22 Drivers	Executive Lead
<b>Responding to COVID-19</b>	Director of Public Health
<b>Re-designing Urgent and Emergency Care services</b>	Chief Operating Officer
<b>Recovering our Planned Care position</b>	Chief Operating Officer
<b>Prevention and reducing health inequalities</b>	Director of Public Health
<b>Improving patient quality and safety</b>	Director of Nursing and Patient Experience
<b>Improving cancer and palliative care</b>	Executive Medical Director
<b>Improving maternity, children, and young people services</b>	Director of Nursing and Patient Experience
<b>Improving our primary, community and therapy services</b>	Chief Operating Officer
<b>Improving our mental health and learning disability services</b>	Chief Operating Officer
<b>Improving staff experience, workforce, and leadership</b>	Director of Workforce and OD
<b>Increasing our digital capabilities</b>	Director of Digital
<b>Improving finance and performance</b>	Director of Finance

Annual Plan delivery is being driven through programme boards, and service groups:

- Urgent and Emergency Care Programme Board,
- Planned Care Recovery Programme Board,
- Cancer through the Neath Port Talbot and Singleton Service Group,
- Maternity, Children and Young People through the Neath Port Talbot and Singleton Service Group,
- Quality and Safety Governance Group,
- Primary, Community, and Therapies Service Group,
- Mental Health and Learning Disabilities Service Group,
- Workforce Delivery Group, and
- Digital Leadership Group.

Service Groups are accountable for the delivery of plans within their areas to deliver their Annual Plan. The programme boards provide system wide planning, assurance and risk management. Monitoring of delivery is supported by the Transformation Portfolio Office (TPO).

This paper provides a high-level summary of the position against Q3 priorities (actions agreed). Where progress is off-track, mitigating responses have been highlighted. Where baseline metrics and data definitions are available, progress against these measurable outcomes have been reported for quarter 4 (Q4).

### 3. PROGRESS UPDATE

#### 3.1 Mid-year review of goals, methods, and outcomes

In December 2021, a mid-year review of the Annual Plan delivery was undertaken, with requests for changes to the goals, methods, and outcomes submitted to the Executive team, and a Health Board development session for approval.

The review reported the following:

- A significant majority of the actions set out in the 2021/22 Annual Plan are being delivered,
- The outcomes to enable impact to be determined will be finalised at the end of Q3,
- Certain Goals need to be reviewed to determine whether planning assumptions need to change for remainder of financial year,
- Reasons for slippage in delivery primarily relate to:
  - COVID and the impact of third wave,
  - Workforce pressures – particularly in social care and independent sector,
  - Complexity of capital requirements – across the breadth of the Plan,
  - Scale of public engagement required for Older People’s Mental Health Services and Changing for the Future.

The full impact of the Omicron variant on the Health Board’s capacity to deliver improvements and changes required to produce the outcomes in the Annual Plan is still to be fully determined. Revisions to goals, methods, and outcomes reflect an accurate assessment of the current ambitions, and timescales for delivery. However, due to uncertainties around the impact of the Omicron variant and future waves of COVID, it is still difficult to provide the required assurance that these revised outcomes will be delivered in-year. Work throughout Q4 will be focused on changes to the end of year position and what impact this has on priorities feeding the planning for the Recovery and Sustainability Plan. It is anticipated that a future report on Q4 activities and end of year position will provide a more detailed analysis.

Table 2 below summarises the requests for change set out within the mid-year review:

**Table 2: Revisions to goals, methods, and outcomes**

Priority Programme	Executive Lead	Revised Methods	Revised Outcomes	Service Changes
Responding to COVID-19	Keith Reid	2	8	0
Prevention and Reducing Health Inequalities	Keith Reid	6	0	0
Urgent and Emergency Care	Inese Robotham	7	9	3
Planned Care Recovery	Inese Robotham	5	3	9
Primary, Community, and Therapies	Inese Robotham	0	0	1

Priority Programme	Executive Lead	Revised Methods	Revised Outcomes	Service Changes
<b>Mental Health and Learning Disabilities</b>	Inese Robotham	0	0	0
<b>Cancer and Palliative Care</b>	Richard Evans	1	0	0
<b>Maternity, Children, and Young People</b>	Gareth Howells	2	0	0
<b>Quality and Safety Priorities</b>	Gareth Howells	18	3	0
<b>Workforce and Leadership</b>	Debbie Eytayo	0	0	0

This report monitors progress against the revised methods and outcomes as outlined in the mid-year review, approved at Board in January 2022.

### 3.2 Programme status

The Health Board's Annual Plan sets out the goals, methods and outcomes to be delivered and achieved in 2021/22.

Table 3 below provides an overview of the status of delivery methods for each programme. Further detail can be found in the Annual Plan Tracker, in Appendix 1.

**Table 3: Delivery methods**

Programme	Methods			
	No. of Methods	Red (Off-track to deliver by due date)	Amber (Monitoring)	Green (On-track)
Prevention, and Reducing Health Inequalities	0	0	3	0
Responding to COVID-19	11	1	3	7
Urgent and Emergency Care	20	1	7	12

<b>Q2 Totals:</b>	<b>230</b>	<b>22</b>	<b>16</b>	<b>136</b>	<b>56</b>

**39%** of actions are completed. A further **34%** are on-track for delivery in Q4 and **24%** are currently off-track but with mitigating actions in place to deliver in Q4.

A summary of off-track actions, and the mitigations in place to bring delivery in-line for Q4 is available in Appendix 2.

### 3.3 Outcome measurement

During Q3, the Data Intelligence Working Group developed a business intelligence dashboard to monitor outcomes, as outlined the Annual Plan priorities.

Tables 5-9 summarise the key outcomes across the portfolio.

### 3.4 Priorities for Q4

In addition to implementing the mitigating responses for actions which are off-track, and completing actions which are on-track, there are a number of new actions planned to complete in Q4. Table 10 summarises the number of actions due for completion in Q4, including new actions and off-track actions from previous quarters.

**Table 10**

Detailed updates for each programme, including actions planned for Q3 and Q4, completed actions, risks and corrective actions is shared with Programme Boards, monthly, and the Management Board, quarterly.

#### 4. GOVERNANCE AND RISK ISSUES

Governance and oversight of the delivery of the portfolio of work is via the Management Board, chaired by the Chief Executive. Individual programme and project delivery is managed by the relevant programme boards, chaired by the Programme Director, and associated project boards or steering groups.

Best practice project and programme management will be supported by the Transformation Portfolio Office, with functional assurance provided by Workforce and OD, Finance, Communications, and Digital, and Capital Planning.

Reporting on progress is managed in the form of highlight reports into Management Board bi-monthly. Respective programme boards will receive highlight reports on improvement projects and manage by exception. Reports will cover priorities for current and next period, delivering on outcomes, key risks and issues, corrective action, and decisions required.

##### 4.1 Key risks to delivery

There are number of key risks to delivery of the programmes within the portfolio, which can be found below:

**Table 11: Portfolio risk register**

## 5. FINANCIAL IMPLICATIONS

The Health Board's financial plan is integrated into the Annual Plan. The financial and service implications of investments are being closely monitored to ensure alignment of any slippage on both investments and savings delivery. Delivery against the financial savings element of the plan is covered in the finance report.

## 6. RECOMMENDATION

Members are asked to:

- **NOTE** the actions planned for Q3 and priorities for Q4,
- **NOTE** the areas of programme level achievements,
- **APPROVE** the mitigations against actions which are off-track, and
- **APPROVE** the key risks to delivery.
