

# Management response form

**Report title:** Cancer Services in Wales: A review of the strategic approach to improving the timeliness of diagnosis and treatment

**Completion date:** 14/01/25

Ref	Recommendation	Management response Please set out here relevant commentary on the planned actions in response to the recommendations	Completion date Please set out by when the planned actions will be complete	Responsible officer (title)
R1	The Welsh Government should publicly clarify the status of the Cancer Improvement Plan and its links to the National Cancer Recovery Programme and the Cancer: Improving Outcomes initiative. As part of this the Welsh Government should clarify how it intends to hold NHS bodies to account for delivery of the Cancer Improvement Plan.	Accept.  The Welsh Government will update the Quality Statement for Cancer to clarify the respective roles of the Cancer Recovery Programme, Cancer improvement Plan, and other important national work streams such as the Making it Happen initiative. This will include a description of accountability arrangements.	End quarter 1 2025-26	Sue Tranka  Chief Nursing Officer
R2	The Welsh Government should set out a coherent model for system leadership in respect of cancer services that clarifies its own role and that of the NHS Executive and sets out how it will bring on board clinicians and other key stakeholders to build a common view of	Accept.  The Welsh Government is in the process of finalising a revised governance and leadership model for cancer service development. This will include the introduction of a National Cancer Leadership Board	End quarter 4 2024-25	Nick Wood  Deputy Chief Executive, NHS Wales

Ref	Recommendation	<b>Management response</b> Please set out here relevant commentary on the planned actions in response to the recommendations	<b>Completion date</b> Please set out by when the planned actions will be complete	<b>Responsible officer (title)</b>
	cancer service performance, quality and opportunities for improvement.	that will coordinate or lead on national actions. The NHS Executive will provide the clinical, third sector, and private sector input to its work. This model will continue to develop in response to the feedback of those directly involved and those involved through related leadership groups. These arrangements will be described in the updated Quality Statement for Cancer.		
R3	The Welsh Government should review its oversight and performance framework in respect of cancer services to focus on a broader range of issues, including a more explicit alignment to the ambitions and quality attributes set out in the Quality Statement for Cancer.	Accept.  The NHS Performance Framework only includes the top-level strategic metrics for the NHS; it does not include all the metrics that are routinely applied in accountability processes. There are a broader set of metrics which sit outside the Framework. This includes component waits in the cancer pathway, access to treatment measures, data on care quality and outcome, screening and immunisation uptake, and patient outcomes. The broader set of metrics	End quarter 1 2025-26	Jeremy Griffith  Director of Operations

Ref	Recommendation	<b>Management response</b> Please set out here relevant commentary on the planned actions in response to the recommendations	<b>Completion date</b> Please set out by when the planned actions will be complete	<b>Responsible officer (title)</b>
		are used as part of routine accountability process as required. The updated Quality Statement for Cancer will include additional detail to explain how cancer service delivery will be measured.		
R4	The Welsh Government should develop a more coherent approach to population health improvement by setting out how it intends to use its Science Evidence Advice: NHS in 10+ Years to harness the opportunities associated with prevention to reduce the incidence of cancer and other major conditions.	<p>The Welsh Government pursues an evidence-led approach to prevention and to reducing population-level risk for cancer and major conditions. There are established programmes for smoking prevention through the Smoke Free Wales Strategy and Tobacco Control Delivery Plan (with additional supportive legislation imminent) and on tackling overweight and obesity, through the Healthy Weight Healthy Wales strategy and delivery plan, including through the facilitation of physical activity. These programmes are under constant review and development as new evidence and technologies emerge.</p> <p>The NHS Planning Framework for 2025-28 has population health and prevention as one of the five</p>	Establishment of preventing ill-health advisory group by end quarter 1 2025-26	Sioned Rees  Director for Public Health Protection

		<p>priority areas and this will support a further drive and focus on primary, secondary and tertiary prevention interventions in the plans of NHS organisations.</p> <p>We are also in the process of establishing a preventing ill-health advisory group under the Chief Medical Officer to support and harness opportunities to implement sustainable, evidence informed policies that focus on preventing ill-health and related inequalities. The initial focus will be on securing and measuring funding of ill-health prevention, strengthening the current architecture, progressing work on data, and supporting the cross-government role in prevention of ill-health. The establishment of this group will assist in providing sustained engagement and a coherent, coordinated approach to the development of appropriate policy and system responses.</p>		

Ref	Recommendation	Management response Please set out here relevant commentary on the planned actions in response to the recommendations	Completion date Please set out by when the planned actions will be complete	Responsible officer (title)
R5	The Welsh Government should work with Public Health Wales to accelerate decision making for a national lung screening programme. It should clarify as soon as possible whether it will fund national lung screening for Wales and the timescale for implementing such a programme.	<p>Accept.</p> <p>The Welsh Government has asked Public Health Wales to accelerate its work on scoping lung screening to permit a decision by Welsh Ministers on its introduction and funding. Public Health Wales is due to provide an interim report by end of March and a final report by end of September to permit Welsh Ministers to make a decision on introducing a national lung screening programme.</p>	End quarter 2 2025-26	<p>Sioned Rees</p> <p>Director for Public Health Protection</p>
R6	As part of a wider approach to encourage greater regional working between health boards, the Welsh Government and the NHS Executive should work with the service to understand and help address any key barriers to delivering regional services. This should include working with DHCW to identify digital solutions to support shared waiting lists for	<p>Accept.</p> <p>The Welsh Government will work with NHS organisations to support regional working for services, where appropriate, to address service fragility. This will include working with Digital Health and Care Wales on the development of digital solutions to permit shared waiting lists.</p>	Ongoing	<p>Mike Emery</p> <p>Chief Digital Officer</p>

	cancer diagnosis and treatment, where it is appropriate to do so.			
R7	The Welsh Government should work with the NHS Executive, HEIW and other NHS bodies to ensure there are employment opportunities for radiologists who have been trained in the National Imaging Academy.	Accept.  The Welsh Government will work with health boards in Wales, which are responsible for planning their workforce, to enable employment of Imaging Academy graduates in line with local or regional workforce needs.	Quarter 2 2025-26	Helen Arthur  Director of Workforce and Government Business
R8	The Welsh Government should clarify national roles and responsibilities for monitoring and ensuring compliance with its data standards including how it will hold NHS bodies to account for poor compliance.	Accept.  Digital Health and Care Wales develop and design data standards, including minimum data sets for NHS Wales. DHCW advises the Welsh Government on what should be included and how they should be collected. Only the Welsh Government can mandate	Quarter 3 2025-26	Mike Emery  Chief Digital Officer

		<p>requirements through national policy, planning guidance or Welsh Health Circulars. To ensure compliance, the Welsh Government expects organisations to audit themselves against the standards and DHCW to deliver a quality assurance and review process. Regulatory bodies such as Audit Wales and Healthcare Inspectorate Wales also have a role in auditing organisations against national standards. DHCW and regulatory bodies should report to the Welsh Government any significant failure to comply with national data requirements, so that these can be addressed with NHS organisations through accountability processes and meetings.</p>		
R9	<p>The Welsh Government should work with the NHS Executive (particularly the Cancer Network), DHCW and Public Health Wales NHS Trust to develop a more comprehensive set of publicly available data on cancer services, which as a minimum should include:</p>	<p>Accept in principle.</p> <p>The Welsh Government will develop a cancer data road map to improve the available data on cancer service delivery for use by the NHS, the Welsh Government, and the public. However, it may not be</p>	Quarter 3 2025-26	<p>Mike Emery</p> <p>Chief Digital Officer</p>
