I refer to your further query in relation to our Freedom of Information Act response which was sent to you on 11th December 2019.

You query was in relation to the cost of licences (and any other support) the Health Board paid on clinical decision support systems in the financial years 2017-18 & 2018-19. The Health Board had withheld this information under Section 43 of the Act. You have asked if we can provide you with the total cost of the licences paid on clinical decision support systems as opposed to breaking this down per licence.

We can confirm that that total costs per year is as follows:

2017/18 – approx. £105,302

2018/19 – approx. £92,211

Please note that the following products are provided nationally by the NHS Wales e-Library for Health (NWS) so there are no costs attributable to the Health Board:

- BMJ Best Practice
- Dynamed
- Micromedex
- iRefer
