

Freedom of Information Request

1. In each of the renal units under your trust, how many patients currently dialyse?

Unit Name	Number of Patients
<i>Example: Bloggs Renal Unit</i>	50
West Renal Unit/Liz Baker Renal Unit/Acute	245

2. Under your trust, how many patients currently undergo home haemodialysis?

<i>Example:</i>	10
	48

3. Which company is your current home haemodialysis provider?

Brand
<i>Example: B Braun</i>
Fresenius/ Next Stage/ Gambro

4. In each of the renal units under your trust, how many dialysis stations are there?

Unit Name	Number of Dialysis Stations
<i>Example: Bloggs Renal Unit</i>	25
West Renal Unit	18
Liz Baker Renal Unit	18
Acute	6

5. Over the past 3 years, which framework(s) has you trust purchased products for hemodialysis from?

<i>Example:</i>	NHS Supply Chain
	SBS FRAMEWORK (dialysis machines)

6. In each of the renal units under your trust, what brands and models of dialysis machines are there, how many are there of each brand and model and the install dates for each brand and model?

Unit Name	Brand	Model	Amount	Install Date
<i>Example: Bloggs Renal Unit</i>	B Braun	Dialog + HDF Online	15	2013
Bloggs Renal Unit	B Braun	Dialog + HD	5	2016
Liz Baker Renal Unit	BAXTER	ARTIS	11	2012
Liz Baker Renal Unit	BAXTER	ARTIS	10	2013
Liz Baker Renal Unit	BAXTER	AK200	5	2011
Liz Baker Renal Unit	BAXTER	AK200	4	2013
West Renal Unit	BAXTER	ARTIS	17	2012
West Renal Unit	BAXTER	ARTIS	11	2013
Liz Baker Renal Unit	FRESENIUS	5008	10	2018
West Renal Unit (Self Care)	FRESENIUS	5008S	8	2015 - date

7. In each of the renal units under your trust, what brands and models of water treatment systems are currently installed? And when were the water treatment systems installed? Do the water treatment systems have heat disinfection?

Unit Name	Brand	Model	Install Date	Heat Disinfection
<i>Example: Bloggs Renal Unit</i>	B Braun / Lauer	Aquaboss	2009	Yes
Bloggs Renal Unit	B Braun / Lauer	Aquaboss	2015	Yes
West Renal Unit	VEOLIA/DWA	nephrosafe	2014	YES
Liz Baker Renal Unit	BAXTER	CWP800	2018	YES

8. In each of the renal units under your trust, if a central concentrate system is in use, what brand and model is installed and when was it installed? How many mixes of acid concentrate produced are there?

Unit Name	Brand	Model	Install Date	Mixes
<i>Example: Bloggs Renal Unit</i>	B Braun / InterMedt	ECOmix Revolution	2019	2
West Renal Unit	VEOLIA/DWA	CECON	2014	1
Liz Baker Renal Unit	BAXTER	CECON	2018	1

9. In each of the renal units under your trust, what brands and models of dialyser are used?

Unit Name	Brand	Model	Type	Size
<i>Example: Bloggs Renal Unit</i>	B Braun	Diacap Pro	Low Flux	1.6m ²
Bloggs Renal Unit	B Braun	Xevonta	High Flux	2.3m ²
All Renal Units	Fresenius	FX 5,10,60,80,100	Low/High	Various
	Gambro	Reveclear	High	
	Gambro	Polyflux 210H	High	

Please note, all units use these filters dependant on patient requirement

10. In each of the renal units under your trust, what brands and models of AV bloodline are used?

Unit Name	AV Bloodline 1		AV Bloodline 2	
	Brand	Model	Brand	Model
<i>Example: Bloggs Renal Unit</i>	B Braun	HDF Set for Dialog +	B Braun	HD Set for Dialog IQ
All Renal Units	Gambro	Artis HD + HDFlines	Novolines	HD for AK200
	Fresenius	Lifeline Beta lines		

Please note, all units use these lines

11. In each of the renal units under your trust, what brands and models of bicarbonate are used?

Unit Name	Bicarbonate 1		Bicarbonate 2	
	Brand	Model	Brand	Model
<i>Example: Bloggs Renal Unit</i>	B Braun	Sol-Cart	n/a	n/a
All Renal Units	Fresenius	650	Gambro	900

12. In each of the renal units under your trust, what brands and models of fistula needles are used?

Unit Name	Fistula Needle 1		Fistula Needle 2	
	Brand	Model	Brand	Model
<i>Example: Bloggs Renal Unit</i>	B Braun	Diacan Safety	B Braun	Diacan Pro
	Plum	15g,16g,17g		

Please note, all units use these needles dependant on patient requirement

All Renal Units	Fresenius	14g short		
	Seraflow	15g,16g,17g		

13. In each of the renal units under your trust, what brand and type of catheter lock solution is currently in use? For clarification, examples of types of catheter lock solution may be: heparin; NaCl (pre-filled syringes); NaCl (plastic ampules); NaCl with lock valve (pre-filled syringes); NaCl with lock valve (plastic ampules); TauroLock; Citrate (pre-filled syringes) and Citrate (plastic ampules).

Unit Name	Brand	Type
<i>Example:</i> Bloggs Renal Unit	B Braun - CitraSeal	Plastic Container
All Renal Units	Taurollock/Heparin	n/a
	Taurollock/Heparin	n/a
	Taurollock/Heparin	n/a

Please note, all units use these catheter locks dependant on patient requirement

14. In each of the renal units under your trust, what brand of acid concentrate is used and how many unique mixes are used?

Unit Name	Brand	Mixes
<i>Example:</i> Bloggs Renal Unit	B Braun	2
All Renal Units	Gambro	5
	Fresenius	5

Please note, all units use these mixes dependant on patient requirement

15. Does your trust have an individual or group responsible for ensuring operations of the trust are environmentally friendly and sustainable? For example, a sustainability group.

Please Cross the Correct Box (x) Example:

Yes No

16. If so, what are the contact details for this individual/group?

Des Keighan - Assistant Director of Operations, Estates - Des.Keighan@wales.nhs.uk

17. In each of the renal units under your trust, how much patient downtime (number of days) has occurred in 2019 due to fistula breakdown?

Unit Name	Patient Downtime due to Fistula Breakdown (Days)
<i>Example:</i> Bloggs Renal Unit	5 Days
N/A - We do not have down time as we would insert a line and dialyse a patient	0 days

18. In each of the renal units under your trust, how much patient downtime (number of days) has occurred in 2019 due to catheter infection?

Unit Name	Patient Downtime due to Catheter Infection (Days)
<i>Example:</i> Bloggs Renal Unit	7 Days
N/A - as above - line would be replaced and dialysed	0 days

19. In each of the renal units under your trust, how many cases of venous dislodgement were there in 2019?

Unit Name	Cases of Venous Dislodgement
<i>Example:</i> Bloggs Renal Unit	3
West Renal Unit	nil
Liz Baker Renal Unit	nil
Acute	nil

20. In each of the renal units, how many days in total were staff on sick leave in 2019?

Unit Name	Total Staff Sick Leave Days
<i>Example:</i> Bloggs Renal Unit	30
West Renal Unit	1,442
Liz Baker & Acute Renal Units	729

21. Of these days, how many were due to back problems in each renal unit?

Unit Name	Total Staff Sick Leave Days Due to Back Problems
<i>Example:</i> Bloggs Renal Unit	10
West Renal Unit	84.2
Liz Baker Renal Unit	7.84

22. In each of the renal units under your trust, what is the average patient age (median and mode)?

Unit Name	Average Patient Age (Median)	Average Patient Age (Mode)
<i>Example:</i> Bloggs Renal Unit	71	74
West Renal Unit	67	71
Liz Baker Renal Unit	67	54
Acute	70	78

23. In each of the renal units under your trust, what percentage of treatment results in patients failing to achieve their target dry weight in 2019?
