I refer to your Freedom of Information Act Request acknowledged by ourselves on 25th February 2020. Your request sought information relating to Ophthalmology medication.

1. Within your Health Board how many patients over the last 12 months have received treatment with an anti VEGF therapy, who had not previously had anti VEGF therapy?

To obtain this information would involve a manual trawl and search of patient records which we have estimated would significantly exceed the 18 hours limit set down by the FOI Act as the reasonable limit. Section 12 of the FOI Act provides that we are not obliged to spend in excess of 18 hours in any sixty day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

2. How many of these [from question 1] patients have received the following anti VEGF therapy in the last 12 months?

Please see question 1. However, we are able to provide usage figures for each medication for period 01.02.19 to 31.01.20 regardless of patient diagnosis.
