Dear

I refer to your Freedom of Information Act Request acknowledged by ourselves on 17th July 2020. Your request sought information relating to smoke inhalation.

Please provide a breakdown by hospital of the number of people attending A&E departments for 'smoke inhalation' injuries and their occupation is recorded as a Police Officer or Police Community Support Officer. I am looking for statistics that cover the previous five years.

The Health Board has one A&E department which is based at Morriston Hospital.

Please note that there is an option within our A&E systems to record the occupation of patients, but it is not a mandatory field and therefore is only sparsely populated. In this case, for the period requested none of the attendances in relation to smoke inhalation can be connected to police officers or police community support officers.

However we can provide you with the figures for all smoke inhalation attendances regardless of occupation:

Hospital	2015/16	2016/17	2017/18	2018/19	2019/20
Morriston	79	64	44	35	35

I hope this information is helpful. If you require anything further please contact us at FOIA.Requests@wales.nhs.uk.

Under the terms of the Health Board's Freedom of Information policy, individuals seeking access to recorded information held by the Health Board are entitled to request internal review of the handling of their requests. If you would like to complain
