Dear

I refer to your Freedom of Information Act Request acknowledged by ourselves on 19th June 2020. Your request sought information relating to anti-VEGF treatments.

- 1. Within your Health Board, how many patients, in the most recent 12-month period for which data are available, have received anti-VEGF treatment for the first time (i.e., excluding patients who previously had any anti-VEGF therapy)?**

To obtain this information would involve a manual trawl and search of patient records which we have estimated would significantly exceed the 18 hours limit set down by the FOI Act as the reasonable limit. Section 12 of the FOI Act provides that we are not obliged to spend in excess of 18 hours in any sixty day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

- 2. Of these first-time patients, please provide a breakdown by the treatments listed below:**

Please see question 1.

However, we are able to provide usage figures for each medication for period 01.07.19 to 30.06.20 regardless of patient diagnosis.

Aflibercept - 3879 doses
Brolucizumab - 0 doses
Dexamethasone - 225 doses
Ranibizumab - 617 doses
Other Anti-VEGF - 18 doses
