The Minister for Health and Social Services announced on 13<sup>th</sup> March 2020 a number of key COVID-19 related actions NHS Wales should take. These actions included guidance to suspend a range of activity to enable dedicated capacity for COVID-19 to be built up and to protect vulnerable patients.

As a result of the Minister's announcement, SBUHB took the following action:

- Non-urgent outpatient appointments were suspended with a number of exceptions mainly in the areas of paediatrics, neonatology, ophthalmology, thyroid, oncology and renal services. Urgent outpatient activity has continued albeit adapted and delivered through different modalities using digital technology.
- Non-urgent surgical admissions and procedures were suspended, and for a 2-week period to allow intensive upskilling of theatre staff in critical care, some urgent procedures were suspended. Emergency surgery continued to be prioritised daily.

During this time, a number of different approaches have been taken to minimise the impact of COVID-19 by use of digital solutions that have enabled virtual outpatient appointments and patient reviews to be undertaken remotely. It is also important to note that some patients have chosen not to proceed with appointment or surgery during the pandemic period.

We are working within guidance provided by Welsh Government on the delivery of essential services. The essential services framework is based on World Health Organisation (WHO) guidance and is further complemented by a suite of guideline documents on a service- specific level and are informed by Royal College guidance and specific condition or focus groups.

There are no services categorised as essential that have been stopped in their entirety.

It is not possible to accurately provide information on the total number of postponed or cancelled procedures at this time as our recording systems for managing virtual consultations with national and local IT systems are still being developed.

We are in the process of making plans to safely reintroduce non-urgent procedures, based on clinical need.

I hope this information is helpful. If you require anything further please contact us at [FOIA.Requests@wales.nhs.uk](mailto:FOIA.Requests@wales.nhs.uk).

Under the terms of the Health Board's Freedom of Information policy, individuals seeking access to recorded information held by the Health Board are entitled to request internal review of the handling of their requests.
