Dear ,

I refer to your Freedom of Information Act Request acknowledged by ourselves on 19th October 2020. Your request sought information relating to Welsh Patient Administration System (WPAS).

1. Has Myrddin developed into what is referred to as WPAS, or are they individual systems in their own right?

Yes, Myrddin has been developed into WPAS. WPAS is provided by the NHS Wales Informatics Services (NWIS).

Please contact NWIS directly for further information on nwis_foirequest@wales.nhs.uk

2. How robust are the audit features of these systems. For example, is it logged what a staff member has done (at a specific time) or can you only identify the date and time of access.

Any detail you can give here is much appreciated, and or screen shots with test records if at all possible.

Please see question 1.

3. What is the purpose of the WCP system? How does it differ to the above systems in terms of functionality etc. Again I would be most grateful if you advise on the audit features.

The Welsh Clinical Portal is provided by the NHS Wales Informatics Services (NWIS).

Please contact NWIS directly for further information on nwis_foirequest@wales.nhs.uk
