I refer to your Freedom of Information Act Request acknowledged by ourselves on 25th May 2021. Your request sought information relating to miscarriages and still births after COVID-19 vaccination.

Please note that Swansea Bay Health Board does not record the number of miscarriages centrally. To retrieve this information would involve a manual trawl and search of records which we have estimated would significantly exceed the 18 hours limit set down by the FOI Act as the reasonable limit. Section 12 of the FOI Act and The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 provides that we are not obliged to spend in excess of 18 hours in any sixty day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

You requested;

1. The total number of miscarriages and still births in ladies post vaccination compared to the total number of miscarriages and still births in ladies whom have not been vaccinated within the same time frame from January 2021 – current date.

I can confirm there had been no stillbirths in 2021 as at the date of your request, 22nd May 2021. This is for both vaccinated and unvaccinated mothers.

2. The total number of miscarriages and still births from Jan 2015 – December 2020 listed separately and annually.
