TRENDS

The map displays the distribution of the Great Crested Newt across the British Isles. The distribution is concentrated in the south of Wales and the Bristol Channel, indicated by red and orange colors. Other areas with lower density are shown in yellow and green. Major cities and towns labeled include London, Manchester, Birmingham, Cardiff, and Bristol. The map also shows the Irish Sea and the Bristol Channel. The map is sourced from Microsoft Bing, as indicated by the logo in the bottom left corner.
