Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 22-L-019**

You asked:

Please provide the following information:

- 1. An anonymised list of fee uplifts they have awarded in the last two years to mental and complex care providers. You clarified on 15.12.22 that you wanted information on mental health and nursing care, not just elderly homes.**
- 2. An anonymised list of current average care fees paid to care providers in the top quartile of all their providers. You clarified on 15.12.22 that you wanted information for all homes.**
- 3. An indication of whether the above providers are on the Wales Framework or not**

Please find attached the information you require.

Please note that uplifts agreed will depend on the baseline position, along with many different factors and individual circumstances. This is particularly relevant within Mental Health and Learning Disabilities which are often bespoke and individually commissioned due to their complexity i.e. highly complex cases and requiring additional support hours. Also, some providers will have been given higher rates of uplift due to not receiving an uplift in previous years or needing to give them a greater uplift for their pay costs, as some have only been paying the national minimum wage.
