Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 22-G-045**

You asked:

Please could you please provide me with the name of the person, title, and department in NHS Wales and/or Swansea Bay University Health Board with overall responsibility for risk assessment of threat posed by, and containment policies of, asymptomatic transmission of communicable diseases within the public reception areas, and treatment areas of hospitals, surgeries and clinics etc.?

Our response:

Please note we can only respond on behalf of Swansea Bay Health Board. For information in relation to NHS Wales you will need to contact the FOIA team at Welsh Government: Freedomofinformation@gov.wales

However, I can confirm that ultimate responsibility for risk assessments posed by and containment policies of asymptomatic transmission of communicable diseases within our hospitals and clinical settings will be our Chief Executive, Mark Hackett.

Also, to note however, that due to the diverse nature of our healthcare settings and the services being provided, it will be for local managers/leads to undertake risk assessments to ensure these are appropriate for them and the tasks being undertaken based on the hazards identified and the associated risks. Risk assessments are then reviewed/updated dependent on circumstances and/or changes in legislation.
