## **Cais Rhyddid Gwybodaeth / Freedom of Information request** **Ein Cyf / Our Ref: 22-J-026**

### **You asked:**

**I would like the information and materials which are related to the teaching packs/framework of Relationships Sexuality Education that are provided to schools within the Neath Port Talbot areas. I would also like the information and materials that are funded and provided by outside parties/organisations.**

Please note that in September 2022, Welsh Government introduced the new RSE code for schools. In combination with the Local Authorities and education leads, SBUHB is currently in the process of producing a new pack to reflect the changes implemented. However, this is currently in draft format and as a result I am unable to comply with your request. This is in line with Section 22 of the Freedom of Information Act which states that information is exempt if it is intended that the information held by the public authority will be published at a future date. I can however inform you that this draft document will be available in early 2023.

Currently the health board are still using the existing pack introduced in May 2018. This was produced for use across ABMU Health Board which was in existence at that time. From 1st April 2019 responsibility for providing healthcare services for people in the Bridgend County Borough Council area transferred from ABMU Health Board to Cwm Taf Morgannwg University Health Board. In light of this change to ABMU's responsibilities, the organisation's name has changed to Swansea Bay University Health Board. This pack is available on an internal sharing resource for educational staff in Wales, but since the boundary change in April 2019, only schools from Neath Port Talbot and Swansea have had access.

Please find attached our existing pack. In regards to any external resources referenced – you would need to contact the individual organisations for these.
