Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 23-A-009**

You asked:

Can you please provide the numbers admitted of both Myocarditis and Pericarditis, (in whatever format you choose to send them) to all of your hospitals, split by year from January 2018 to December 2022?

Our response:

Please note that from 1st April 2019 responsibility for providing healthcare services for people in the Bridgend County Borough Council area transferred from Abertawe Bro Morgannwg University Health Board to Cwm Taf Morgannwg University Health Board. In light of this change to ABMU's responsibilities, the organisation's name has changed to Swansea Bay University Health Board.

However as this response asks for data prior to 1st April 2019, we have provided the information that ABMU Health Board held which will include Bridgend data.

When a patient is admitted to hospital, their primary admission reason (e.g. Myocarditis or Pericarditis) is "coded" against their admission on our systems at some point during their inpatient stay. As this information feeds through the system, and dependent on how long a patient is admitted for, the information for a period does not meet the threshold for data accuracy until approximately 3 to 4 months after the period has passed. Therefore, the accurate data for the period 01.11.22 to 31.12.22 will not be available until March and April 2023. The most recent "complete" data currently available is up to the end of October 2022.
