6. A list of the numbers of all organisms, by species, isolated from blood cultures from patients on the paediatric haemato-oncology unit (whether deemed significant or not), by site (peripheral venepuncture, peripheral line or central line), by year for 2015-2022, total and de-duplicated numbers for same infection episode.

Our response:

I can confirm that Swansea Bay Health Board does not have a Paediatric Haemato-Onocology unit. These patients are referred to the University Hospital of Wales in Cardiff which falls under the remit of Cardiff and Vale University Health Board. May I suggest you contact them on FOI.Requests@wales.nhs.uk for the information you require.
