You asked:

- 1. Do you hold figures for the number of practices in your health board area which offer NHS dentist services? And also those which have stopped doing so?**

If those figures are available, I wonder if you'd be willing to share them with me for the past 3 financial years please?

There are currently 52 dental practices in the Swansea Bay University Health Board area who provide NHS general dental services.

In the last 3 financial years there have been no practices who have stopped providing NHS general dental services.

- 2. Could I ask additionally for numbers of practices who have informed yourselves and/or patients that they will cease to provide NHS dentistry for the next financial year (2023-2024)?**

One GDS practice has informed the Health Board of their intention to cease NHS provision in 23/24.
