Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 23-A-044**

You asked:

- 1. What are your current skin cancer patient clinical pathway guidelines e.g., from initial patient symptoms in a GP setting to specialist referral as well as treatment and follow-up procedures and protocol.**

Please see attached CID572

- 2. Does your skin cancer pathway include remote patient-clinic interactions (as opposed to face-to-face interactions), Yes or No and if yes, elaborate what they are and what stage in the pathway they're used e.g., teledermatology (the use of digital photography to assess patient lesions) at the GP stage.**

The use of telephone and face to face follow up can occur. Most are face to face but in some circumstances a telephone follow up is needed if the patient cannot make the hospital and it is felt that the consultation is sufficient to be carried out over the telephone. No specific pathways exist because this is on a case by case basis.

- 3. What were your latest skin cancer pathway guidelines in 2019/2020 prior to the COVID-19 pandemic (announced as a pandemic by WHO on 11 March 2020).**

Please see question 1. This is reviewed on a two-yearly basis.
