Please note that the Emergency Medical Retrieval and Transfer Service (EMRTS) is an All-Wales NHS service that is hosted by Swansea Bay University Health Board (SBUHB). The service is commissioned by the Emergency Ambulance Service Committee (EASC). It is a collaborative partnership between NHS Wales, the Wales Air Ambulance Charity, and Welsh Government.

### **You asked:**

Is it possible to provide me with any graphics that might show the locations of your taskings in 2022. There is no need for data on what the tasking was, just a mark on a map etc. I have received data from SAR and NPAS via the Home Office, but as you are a charity do you have this information available

### **Our response:**

Please find attached map 1 and 2 reflecting the data you require based on the examples you provided. To provide the location of each tasking raises a potential risk of identifying individuals if this was disclosed. We are therefore withholding this detail under Section 40(2) of the Freedom of Information Act 2000. This information is protected by the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute as unfair and unlawful processing in regard to Articles 5, 6, and 9 of GDPR. This exemption is absolute and therefore there is no requirement to apply the public interest test.

However, we have grouped together the taskings in "clusters" rather than individually in order to provide an indication of the information requested.
