Please note that Swansea Bay Health Board holds responsibility for the Caswell Clinic, a regional facility providing specialist services for a large part of Wales for people who are offenders or have the potential to offend.

In addition to inpatient services there are:

- Forensic community services
- Outpatient services
- South Wales Police and MAPPA (multi agency public protection arrangements) liaison services
- Gate keeping and case monitoring services on behalf of WHSSC (Welsh Health Specialised Services Committee) for patients in independent sector or deemed to require medium security. Case monitoring included high secure services.
- Forensic psychiatric liaison to health boards.

Therefore, any inpatient incidents that occur for patients from outside the SBUHB boundary under the care of our forensic mental health services would be attributed to SBUHB. Please bear this in mind when reviewing the numbers below.

You asked:

Please provide the number of incidents under 'Once for Wales' - Unexpected Deaths and Severe harm under NR&LS (National Reporting and Learning System) for Your Health Board from Oct 2021 to FY end 22/23

Our response:

In the time period 01.10.21 to 31.03.23, there are 102 incidents listed as having an outcome of "death" or "severe". 46 of these incidents relate to Mental Health services.
